

ACCT19060 *Management Accounting*

Term 2 - 2020

Profile information current as at 20/06/2021 10:43 pm

All details in this unit profile for ACCT19060 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit builds on the concepts of managerial accounting introduced in first-year accounting. The unit develops underlying concepts and applications of management accounting tools based on the traditional allocation approach and absorption costing method. Activity based costing and its use to manage activities is introduced. In this unit you will integrate theoretical and technical management accounting knowledge, exercise judgment, and employ critical thinking skills in applying management accounting concepts and tools to solve problems, make management accounting decisions and evaluate the impact of these decisions on profitability.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback

Feedback

It would be great if the assessments were more authentic and realistic.

Recommendation

The assessments will be made more authentic and realistic by giving students opportunities to apply concepts to more realistic situations.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Exercise judgment under supervision to provide possible solutions to routine problems and make decisions in management accounting
2. Integrate theoretical and technical management accounting knowledge in applying numerous cost concepts and pricing approaches to solve routine management accounting problems and to make decisions
3. Critically apply theoretical and technical management accounting knowledge and skills to solve routine management accounting problems and make decisions.

2 Practical and Written Assessment

Assessment Type

Practical and Written Assessment

Task Description

Assessment 2 consists of two (2) parts. Each part is worth 15% of your final mark. Part A is designed to enhance your skills in the planning, designing and using of spreadsheets. Part B is designed to enhance your critical thinking, decision-making, and analytical skills, and your ability to apply theory to a fictitious practical situation. You may be asked to write an essay or report or to simply answer questions relating to various costing issues that need to be considered in making decisions. Part A and Part B are not related, hence it is not necessary that you get the results of Part A back before you will be able to start or do Part B. The questions and due dates for both parts will be uploaded to Moodle in the Assessment block during the term. Please check Moodle and your email regularly for any updates or information relating to both parts of assessment task 2 during the term.

Assessment Due Date

Part A of assessment task 2 is due Friday 28 August 2020 at 11.45 PM AEST in week 6. Part B of assessment task 2 is due Friday 11 September 2020 at 11:45 PM AEST in week 8.

Return Date to Students

Your assignments will be marked promptly; and will be returned within two weeks of submission.

Weighting

30%

Assessment Criteria

Both parts of assessment 2 will be marked according to specific marking criteria that will be uploaded in Moodle. Please note that there is a 5% penalty per day of the potential mark for late submission.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.
