

ACCT19066 Accounting Systems and Assurance

Term 2 - 2023

Profile information current as at 06/05/2024 03:32 am

All details in this unit profile for ACCT19066 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Accountants are increasingly expected to be competent in their understanding of complex business processes and information systems used in organisations. This unit will provide you with the essential skills and knowledge needed to understand and use such Accounting Information Systems throughout your career. You will develop knowledge in accounting systems and business processes, basic system documentation tools, database management, fraud and other threats, as well as appropriate internal controls. You will also investigate and study technological developments in areas such as transaction processing, visualisation methods and business intelligence. Finally, you will develop technical competence in productivity software, such as spreadsheets, visualisation tools and accounting software.

Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 10

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisites ACCT11081 Introductory Financial AccountingMGMT11169 Business Analytics

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2023

- Brisbane
- Melbourne
- Online
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Overview

1. **Online Quiz(zes)**

Weighting: 10%

2. **Practical Assessment**

Weighting: 40%

3. **Examination**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Informal conversations with students.

Feedback

Students appreciated the applied nature of the unit and the use of software to teach accounting concepts which are relevant to their careers.

Recommendation

Computer workshops have been embedded in the delivery model and will continue to be offered. They will be regularly updated to ensure that they remain relevant.

Feedback from Student feedback.

Feedback

Some students found that some of the SAP workshops were too long.

Recommendation

One hour is allocated to completing the practical work. Tasks not completed in class are given as homework. However, in future terms, the UC will be cognisant of time and pace the practical workshops accordingly.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Distinguish fundamental concepts and the role Accounting Information Systems play in achieving organisational objectives
2. Evaluate business processes and apply relevant methods to design and document AIS processes
3. Assess the risk of fraud, abuse and unethical practices and identify methods to mitigate such risk
4. Demonstrate skills in using software to analyse, visualise, record and report accounting transactions.

Assessment Tasks

1 Online Multiple Choice Quiz

Assessment Type

Online Quiz(zes)

Task Description

Quiz: General Information

- There are 4 Online Multiple Choice Quizzes. These will be held fortnightly at the end of weeks 2, 4, 6 & 8.
- Each quiz is worth 2.5%, i.e. total for 4 quizzes is 10%.

- Each quiz consists of 10 questions.
- Once you open a quiz you will have 20 minutes to complete it.
- You cannot close and restart the quiz.
- There are no extensions available.
- Once the quiz closes it cannot be re-opened.

Quiz: Topics

- Quiz 1 - Week 1 and 2
- Quiz 2 - Week 3 and 4
- Quiz 3 - Week 5 and 6
- Quiz 4 - Week 7 and 8

Refer to Moodle for Dates and availability of Quizzes. Note: All times are based on Queensland time (AEST).

10%

Assessment Criteria

This assessment item consists of four (4) open-book online quizzes available in Moodle.

- The quizzes are held fortnightly. Each quiz consists of a selection of multiple-choice questions from the prior 2 weeks lectures and associated textbook chapters.
- You must complete each quiz individually within the time period allocated.
- You will not be able to re-open the quiz after the assessment date. It is your responsibility to complete the quiz within the specified time period.
- There are no extensions available for the online quiz.
- You only have one attempt at the quiz.
- Once you open the quiz you will have 20 minutes to complete 10 questions.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
