# Assessment Tasks

# 1 Group Presentation (10%)

# **Assessment Type** Group Discussion

**Task Description** 

# **Group Presentation**

This assessment item is a study group exercise. Each member of the group will find **three academic journal articles** that are relevant to the topic provided for Assessment Item 2. Each member will either present to their group during set group discussion time in class or if a Distance student, uses the group discussion facility provided on Moodle to summarise each article for the group and provide a properly formatted reference list for the three articles to the group (in APA format).

Once all members have presented their three relevant articles to the group, each member of the group is free to use any or all of the articles presented by the group in their individual submission for Assessment Item 2.

## The organisation of groups

Groups will be self-selecting and will consist of (no more than) four students each.

**On-campus students** will have the first four weeks of term to organise themselves into groups which must be within the same class. The local lecturer will be able to help students find groups. The local lecturer will also advise the unit coordinator about the numbers of groups in their classes and the membership of each group.

**Distance students** will be able to liaise with the unit coordinator to help find a group. An online discussion and collaboration space for distance students will be provided in Moodle in Week 1. This will enable them to find fellow distance students willing to team up.

**All students** will submit their properly formatted reference list using the secure submission link provided in Moodle. **All students** will then use the same link to assess the contribution of each member of the team.

#### Assessment

This assessment item is worth 10% overall. This will consist of:

- 6% for the quality of your presentation and reference list, as assessed by your team members, and

# **Academic Integrity Statement**

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

#### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

#### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

#### Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

#### What can you do to act with integrity?

#### **Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### **Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
