Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student unit and teaching evaluation

Feedback

More time should be allocated for this unit as the exercises are quite long and it is difficult to understand in fast pace. Online classes for this unit is definitely not helpful and the frequent scrolling of the contents up and down created confusion.

Recommendation

We are conducting online workshops because of COVID-19 and we should go back to face to face as soon as we can.

Feedback from Student unit and teaching evaluation

Feedback

The resources provided really helped me to learn. The provision of workshop questions & answer/solutions prior weekly discussion helped us to understand about the topic prior discussion. So during lecture/workshop, we are able to ask questions on the part what we did not clearly understand or is confused of.. Our lecturer/tutor/unit coordinator, really showed his best to support us in our learning.

Recommendation

We will continue providing all the materials ahead of time.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

Assessment Tasks

1 On-line test

Assessment Type

Online Test

Task Description

Two on-line quizzes, each weighing 5% of your final grade. Test 1 assesses the content taught in Chapters 3, 5, 6, 7, 12, and 25. Test 2 assesses content taught in Chapters 27 to 29. Each test consists of 20 multiple choice questions which may be theoretical, conceptual, and / or practical. They can also include calculations. Each on-line test must be completed during the 22 hours and 45 minutes that it is open.

On-line quiz 1. Opens 1am and closes at 11.45pm AEST on Wednesday 1 Sept (week 7)

On-line quiz 2. Opens at 1am and closes at 11.45 pm AEST on Wednesday 1 Oct (week 11).

If you are seeking an extension, please ensure that you have received an approved extension from the Unit Coordinator before the test opens, as you will not be able to complete the on-line test after it closes. To allow the Unit Coordinator to review your application for extension and to grant it, please apply for extension before 4pm AEST on the Tuesday, thus the day before each test is due.

Assessment Due Date

Week 7 Wednesday (1 Sept 2021) 11:45 pm AEST

Each test opens at 1am and closes at 11.45pm AEST on the same day. On-line quiz 1. Opens on Wednesday 1 Sept (week 7) and On-line quiz 2. Opens on Wednesday 1 Oct (week 11). Each test is open for 22 hours 45 minutes but you only have 45 minutes to start and complete the test.

Submission

Online

Submission Instructions

Submit within 45 minutes from starting time. You only have one attempt for each of the tests. Please start the test at least 45 minutes before it closes at 11.45pm AEST on the due date as the system will log you out automatically once the test closes. Please ensure that you save your answers throughout your attempt. If you do not and experience problems

with the technology, your answers will not be saved and you will not get a second opportunity to undertake the test. Please take screenshots of any problems you may encounter with technology as evidence.

2 Practical and Written Assessment

Assessment Type

Practical Assessment

Task Description

This assessment consists of two (2) parts. Each part is worth 15% of your final grade. Part A assesses the topics covered in Chapters 3, 5 and 7 and

Part B assesses the topics covered in Chapters 25 to 27

Assessment Due Date

Week 4 Friday (6 Aug 2021) 11:45 pm AEST

Part A is due Friday 6 Aug (week 4) and Part B on Friday 3 Sept (week 9).

Return Date to Students

If you submit your assignment late, including receiving an extension, your assignment will not be returned on these dates. Further, if the marker finds unusual anomalies in your assignment, the Unit Coordinator will investigate the matter and if plagiarism is suspected, lodge a PIR. Your assignment will only be returned once this matter has been resolved. To avoid this, do your own work.

Weighting

30%

Assessment Criteria

A marking criteria sheet will be provided with each of the two parts of this assessment task, outlining the marking rubric. You can choose to do both parts of assessment task 2 as an individual or in a pair, thus limited to two (2) students. If you choose to do it in a pair, you must email the Unit Coordinator seeking approval to do so before the dates that will be provided in the Assignment Question.

Please note that there is a late penalty of 5% of the potential mark per day for late submissions.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
