Term 1 - 2021

Profile information current as at 09/05/2024 11:08 am

All details in this unit profile for ACCT20074 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit engages students to establish an advanced understanding of the nature and development of accounting theory and its application and regulation. It builds on the students' technical skills and their foundational knowledge of accounting practice. The topics covered include the history and development of accounting, traditional approaches to the formulation of accounting, standard setting and institutional arrangements, harmonisation of accounting standards, a range of theoretical perspectives and the links between accounting theory, research and practice.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Feedback in moodle.

Feedback

Learning researches are clear and helpful. Practical implications of theory are necessary.

Recommendation

Assessment will involve the application of theory to contemporary financial accounting and reporting issues.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Critically evaluate the Australian accounting and reporting regulatory environment, comparing it to regulatory environments in other countries as well as their progress in the international harmonisation project
2. Analyse complex and current business issues through the lens of appropriately selected and applied theories
3. Select and use effective project and research skills to evaluate individually and synthesise accounting knowledge, and communicate findings in an appropriately professional format
4. Demonstrate critical thinking applying the knowledge of accounting theories
5. Reflecting on Feedback from Others to improve Performance.

Assessment Tasks

1 Online Test

Assessment Type

Online Test

Task Description

This assessment item is an individual task which comprises two online quizzes (quiz 1 and quiz 2) of 5 marks each. Each quiz consists of multiple choice questions randomly generated from a pool of questions. The two quizzes will appear online in Moodle in Week 3 and remain open until the due date and time provided for completion of those quizzes.

A student may choose to undertake and complete either quiz at any time before the expiry of the due date and time. Each quiz is set on the basis of specific modules as under:

Quiz (Online Test) 1: Modules 1-6

Quiz (Online Test) 2: Modules 7-11.

If any student faces technical difficulties with Moodle or network communications while trying to undertake these quizzes should email the unit coordinator immediately, and where appropriate a second attempt may be arranged. Students need to remember that both quizzes will disappear after the due date and time, and hence will not be opened up again.

Assessment Due Date

Week 11 Friday (28 May 2021) 11:45 pm AEST

Return Date to Students

The results of these online quizzes will be made available as soon as each quiz is submitted.

Weighting

10%

Assessment Criteria

Each quiz comprises multiple questions for 5 marks. Mark will be provided on the basis of one correct (or most correct) answer to each question.

2 Written Assessment

Assessment Type

Written Assessment

Task Description

This is an individual task. The assignment will require students to undertake research examining how selected theories, accounting standards and frameworks guide the preparation of annual reports of listed companies. Unless otherwise suggested by the unit coordinator, companies will be selected from the Australian Securities Exchange (ASX). The unit coordinator will advise which company/ies will have to be selected. The assessment will be available in moodle in Week 4

Assessment Due Date

Week 10 Monday (17 May 2021) 11:45 pm AEST

Assignment must be submitted on or before the due date specified via Moodle submission facility.

Return Date to Students

Week 12 Friday (4 June 2021)

Weighting

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
