Term 1 - 2017

Profile information current as at 05/05/2024 09:28 am

All details in this unit profile for ACCT20076 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit introduces management accounting and enables you to explain its role in efficient resource allocation. You will be introduced to the traditional and modern approaches to costing for evaluation and effective decision making. The role of management accounting in performance evaluation is addressed in such areas as budgeting, cost-volume-profit analysis, variance analysis, job costing, process costing, and activity-based costing. If you have successfully completed the unit ACCT20053 you should not enrol in this unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Assessment Tasks

1 On-line Tests in Moodle

Assessment Type

Online Test

Task Description

This assessment tasks consists of 10 on-line tests (consisting of true/false and multiple choice questions).

Each of the 10 on-line tests is worth 1% of the total grade for the unit. The on-line tests will be open on a weekly basis from weeks 1 to 11, with week 1 being a trial on-line test to get the students familiar with the process.

The materials assessed in each on-line test will be on key concepts to be covered in the following week's workshop. For example on-line Test 2 (open on the Friday of week 1 and close on Monday of week 2) will assess the content to be taught in week 2. The purpose of the on-line test is to enable the students to prepare for the workshop prior to attending the workshop. This will allow students to grasp the material covered during the workshop, engage effectively with teams, and create a good learning environment in the workshop.

Each on-line test will open at 1.00 PM AEST on the Friday and close at 09:00 am on Monday the following week. For example on-line Test 2 will open at 1.00 PM AEST on the Friday in week 1 (11 November) and close at 09:00 am on Monday in week 2 (14 November). You have a window of 68 hours to review your learning materials and attempt the on-line test.

You can only make one attempt at each on-line test and you have 20 minutes to complete each on-line test after you start it. Each test will consist of 10 true/false questions.

Assessment Due Date

Due every week from weeks 2 to 12.

Return Date to Students

Results will be available in Moodle immediately after each on-line test closes. The on-line test answers will be discussed on a weekly basis during the workshop.

Weighting

10%

Assessment Criteria

The tests are marked on-line and the answers are based on accuracy.

2 Practical and Written Group Assessment

Assessment Type

Practical and Written Assessment

Task Description

This assessment task consists of a case study and your group will be required to review the case study and prepare an executive report. Content and format of the executive report will be provided on moodle when the assessment task becomes available.

This assessment task will be available in Moodle in Week 3 and is due back in Week 7.

This assessment task is to be completed in a team of 3-5 students. Group numbers will depend on enrollment numbers each term.

This assessment task is worth 30% of the total grade for the unit.

Assessment Due Date

This assessment task is due in Week 7 and is to be submitted to your Lecturer at the beginning of the Workshop.

Return Date to Students

You will receive your assessment back two weeks from the date that your assignment reaches the marker.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
