Assessment Overview

1. **Practical and Written Assessment**

Weighting: 40%

2. **Take Home Exam**

Weighting: 60%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Moodle

Feedback

Students were happy with the topics within the unit and the workshop learning environment. They expressed positive sentiments in regards to the assignments and that they were relevant and practical. They also appreciated the lay out of the unit and its coordination. The only negative feedback was that there were few typographical errors in the Ebook.

Recommendation

I have taken this issue in regards to the errors in the textbook with the publisher. This will be amended when the next edition goes into print.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Analyse and interpret the information provided from an accounting information system
2. Critically analyse standard management problems, and using appropriate accounting analytical techniques, correctly determine the appropriate parameters for a management decision
3. Demonstrate an advanced knowledge of accounting tools and techniques for assisting managerial decision making by being able to critically analyse and report on the range of appropriate accounting methods applicable to a given management decision making problem
4. Demonstrate accuracy in presenting or analysing accounting information in a range of business management problems presented in this unit.
