General Information

Overview

In this unit, you will learn the fundamentals of livestock production by gaining exposure to a range of extensive and intensive livestock production systems. You will learn about livestock anatomy, nutrition, health, welfare, management and markets, and enhance your knowledge on current issues, innovations and new and emerging opportunities for precision livestock management. As a foundation unit, the learning outcomes will provide you with the necessary knowledge for future units in the Bachelor of Agriculture.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback

The residential school was a highlight of the unit

Recommendation

Ensure the residential school delivers hands-on livestock opportunities for students using well-maintained livestock facilities at CQIRP.

Feedback from In class

Feedback

Self-directed activities each week allowed students to progress at their own pace

Recommendation

Formative discussion boards are to be used to increase student participation, engagement and open discussions.
