ALLH12006 Evidence Based Practice for Health Professionals

Term 1 - 2026

Profile information current as at 05/12/2025 02:12 pm

All details in this unit profile for ALLH12006 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will introduce you to the principles of evidence-based practice (EBP) and develop your key skills for conducting EBP within clinical settings as an Allied Health Professional. You will be introduced to models of EBP that can be used to guide clinical decision making at an individual patient level and also at a service delivery level, and be required to identify the impacts of EBP on current practice across a variety of fields. During this unit you will gain experience in developing clinically answerable questions, performing information searches, undertaking critical appraisal and synthesising information.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE UNIT COMMENTS REPORT

Feedback

Some students expressed that Week 3 was very content heavy.

Recommendation

It is recommended that the unit coordinator break down content heavy weeks (i.e., Week 3) across additional weeks to make it more manageable for students.

Feedback from SUTE UNIT COMMENTS REPORT

Feedback

Students greatly appreciated the clear guidance provided for assessments, including the use of templates, detailed examples, and thorough explanations.

Recommendation

It is recommended that this unit continue to provide detailed assessment templates, examples and explanations relevant to each discipline.
