

AVAT11006 Aviation Law

Term 3 - 2020

Profile information current as at 05/05/2024 03:33 pm

All details in this unit profile for AVAT11006 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Aviation Law will introduce you to the laws in Australia that pertain to the aviation industry. Laws relevant to a variety of flight operations are covered. You will read and interpret contracts and aviation documents as well as understand flight rules and emergency procedures. You will also learn about the laws, rules, and procedures relevant to aerodromes, airspace and air services including emergency situations. Conduct in the aviation industry which would be considered negligence, breach of contract or a criminal offense will be discussed. Your knowledge of the international regulatory environment will be enhanced with a study of international aviation. The unit will also provide you with the skill to research and acquire the aeronautical knowledge requirements of the Civil Aviation Safety Authority Commercial Pilot Licence Air Law syllabus.

Assessment Overview

1. **Written Assessment**

Weighting: 40%

2. **Online Test**

Weighting: 60%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say

Feedback

More application to the CASA CPL air law exam is required.

Recommendation

The CASA syllabus will be covered in addition to application of air law in aviation industry practices.

Feedback from Have Your Say

Feedback

More visuals such as pictures or short videos are required to make the lectures more interesting.

Recommendation

The existing lecture materials will be augmented with videos and interactive tutorials.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Discuss law relevant to aviation staff and management
2. Identify aviation industry conduct which would be considered negligence, breach of contract or a criminal offense
3. Explain how the international civil aviation organisation regulates international flight safety
4. Compare the various international conventions which affect the aviation industry such as the Warsaw and Montreal Conventions
5. Discuss the specific air laws, rules and procedures that apply to pilots and flight crew.

No external accreditation.
