

AVAT11010 Safety of Airline and Airport Operations

Term 2 - 2022

Profile information current as at 24/04/2024 02:21 pm

All details in this unit profile for AVAT11010 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Safety of Airline and Airport Operations will provide you with a broad understanding of the application of safety processes within the aviation industry. You will also learn about the regulatory requirements for Safety Management Systems (SMS) contained in the International Civil Aviation Organization (ICAO) annex and develop the necessary skills to effectively implement aviation safety plans that impact stakeholders at various levels in the aviation community. You will recognise a systematic approach that is established using four main components including Safety Policy, Safety Assurance, Safety Risk Management, and Safety Promotion to managing safety. You will develop an effective safety management system using risk and quality management methods to achieve safety objectives.

Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2022

- Cairns
- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Assessment Overview

1. **Online Quiz(zes)**

Weighting: 30%

2. **Case Study**

Weighting: 30%

3. **Online Test**

Weighting: 40%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Describe the aviation industry organisational accident assessment process, including techniques used to identify hazards, risks and losses
2. Justify aviation safety management systems using fundamental concepts of aviation safety
3. Explore applications of the safety management system that is used in aviation organisations
4. Identify safety measurement parameters to enable an informed safety decision and ensure safety.

Schedule

Week 1 - 11 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
Unit introduction		
Individual and organizational accidents	JR1	
Nature and variety of defences		

Week 2 - 18 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
Swiss Cheese Model		
Active failures and latent conditions	JR1	
Accident trajectory		

Week 3 - 25 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
Human contribution to accidents		
Human performance	JR4	

Week 4 - 01 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic
Errors and successful actions		
Violations	JR4	
Rule-related behaviors		

Week 5 - 08 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic
Group Presentations	N/A	Swiss Cheese Model Case Study Due: Week 5 Monday (8 Aug 2022) 9:00 am AEST

Vacation Week - 15 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic

Week 6 - 22 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic
Error management		
Blame cycle	JR7	

Week 7 - 29 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic
Engineering a safety culture		
Safety Subcultures	JR9	

Week 8 - 05 Sep 2022

Module/Topic	Chapter	Events and Submissions/Topic
Safety subcultures continued	JR9	

Week 9 - 12 Sep 2022

Module/Topic	Chapter	Events and Submissions/Topic
SMS1	Reference materials provided	

Week 10 - 19 Sep 2022

Module/Topic	Chapter	Events and Submissions/Topic
SMS2	Reference materials provided	

Week 11 - 26 Sep 2022

Module/Topic	Chapter	Events and Submissions/Topic
SMS3	Reference materials provided	

Week 12 - 03 Oct 2022

Module/Topic	Chapter	Events and Submissions/Topic

Assessment Tasks

1 Quizzes

Assessment Type

Online Quiz(zes)

Task Description

There are 3 quizzes throughout this unit:

- Quiz 1 at the end of Week 2, covering basic safety concepts and SCM
- Quiz 2 at the end of Week 4, covering human contribution to accidents and performance concepts
- Quiz 3 at the end of Week 8, covering safety culture and safety subcultures

You have 30 minutes to complete each quiz, and only one attempt is permitted. Quizzes will open on Monday evenings in the week they are due and must be submitted by Friday at 5PM via the relevant portal in Moodle.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
