All details in this unit profile for AVAT20001 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

# **General Information**

## Overview

In Aeronautical Practice 1 you will receive basic general handling flight training in the training area and circuit area of the training aerodrome. The flight training will be delivered by an approved external flight training provider. This unit will require you to synthesise the theory you have learnt in earlier study with flight practice while engaging in 30 hours of aeronautical experience in a small general aviation aeroplane. You will practise flight manoeuvres which will consolidate your basic solo circuit and solo area flight skills. This will enable you to fly as pilot in command of an aircraft in both the circuit area and the training area of the training aerodrome. You will analyse and reflect on your flight training in order to develop your ability to identify areas of improvement. You will receive all of the aeronautical experience to be able to apply for your Recreational Pilot Licence (RPL). You will also develop communication and presentation skills to review your flight training. You will be required to attend residential school in order to satisfy part of the assessment.

## **Details**

# Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the <u>Assessment Policy and Procedure (Higher Education Coursework)</u>.

# Offerings For Term 3 - 2020

- Bundaberg
- Cairns
- Mixed Mode
- Perth

# Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

### Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are: Click here to see your <u>Residential School Timetable</u>.

## Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

# Class and Assessment Overview

### Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

# Previous Student Feedback

# Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

## Feedback from Student Evaluation

### **Feedback**

What are the best aspects of this unit: online resources and teaching; flying availability.

### Recommendation

Ensure quality standard.

### Feedback from UC observation

#### Feedback

Communication strategy to enhance student on time enrolment into the CL17 course.

### Recommendation

To enhance student enrolment into the CL17 course a communication strategy has been put in place and an additional Aviation Moodle page is being created to allow students to prepare all the necessary steps to enrol into CL17 on time.

### Feedback from UC observation

### **Feedback**

Assessment and presentation instructions

### Recommendation

All assignment instructions have been harmonised and improved to be in sync with all other CL17 flight units.

# **Unit Learning Outcomes**

## On successful completion of this unit, you will be able to:

- 1. Fly an aeroplane solo in the circuit and training areas of the training aerodrome
- 2. Perform all flight manoeuvres to Recreational Pilot Licence standard
- 3. Analyse and reflect critically on your flight training
- 4. Synthesise aviation theory and flight practice
- 5. Communicate effectively with aviation staff.

# **Academic Integrity Statement**

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

### **Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

### **Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
