BIOL12050 Professional Placement or Project

Term 3 - 2024

Profile information current as at 01/05/2024 10:30 am

All details in this unit profile for BIOL12050 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In Professional Placement or Project you will either complete a placement in a workplace relevant to your degree and major, or if your GPA is 5.0 or greater, you may have the option of undertaking a short, independent research project approved by the unit coordinator. Alternatively, options for you to complete an international placement or study tour may also be available. This unit will provide you with an opportunity to apply the theoretical knowledge and practical skills you have attained in your course to the professional work environment. You will complete 15 days relevant industry experience with an emphasis on the interaction of your university learning with the practical environment. You are required to find your own placement or project and details of the placement or project must be provided to the unit coordinator prior to commencing the placement or project.
