Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit Teaching Evaluations (SUTE)

Feedback

The course was well structured and informative. Assessments questions and expectations were clear. Lecturer was great.

Recommendation

The same delivery strategy will be adopted.

Feedback from Student Unit Teaching Evaluations (SUTE)

Feedback

Six pieces of assessment is too much; having something due every two weeks for just one subject is an exhaustive task. It is anticipated this is reduced for future students.

Recommendation

The given feedback will be thoroughly investigated for the viability in the reduction of assessment tasks for future deliveries.
