Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit Teaching Evaluations (SUTE)

Feedback

The course was well structured and informative. Assessments questions and expectations were clear. Lecturer was great.

Recommendation

The same delivery strategy will be adopted.

Feedback from Student Unit Teaching Evaluations (SUTE)

Feedback

Six pieces of assessment is too much; having something due every two weeks for just one subject is an exhaustive task. It is anticipated this is reduced for future students.

Recommendation

The given feedback will be thoroughly investigated for the viability in the reduction of assessment tasks for future deliveries.
