

BLAR11051 Construction Legislation 1

Term 2 - 2017

Profile information current as at 19/05/2024 12:02 pm

All details in this unit profile for BLAR11051 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will give you the opportunity to examine and apply the National Construction Code (NCC) and associated legislation to Building Class 1 and 10 projects (residential). You will learn about statutory controls and assessment; enforcement proceedings; how occupational health and safety, environmental and heritage legislation interact with the NCC; and the application of the principles of performance-based legislation. Students who have successfully completed BLAR12034 should not enrol in this unit.

Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2017

- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

7. **Practical and Written Assessment**

Weighting: 4%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit evaluation

Feedback

The assessments were well designed in that they required the NCC and Aust Standards to actually be used, so provided a great opportunity to familiarise oneself and learn how to actually apply them. Also, I enjoyed the Assessment Forums (fora?). They provided a good sharp, targeted topic and it was great that the responses could be posted directly.

Recommendation

Authentic assessment tasks will continue to be offered as part of this unit.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Examine and apply the National Construction Code (NCC) for Building Class 1 and 10 projects.
2. Know when and how to use performance-based provisions.
3. Explain how Australian Standards and Codes are used in building legislation.
4. Apply occupational health and safety, environmental and heritage legislation provisions to projects.
5. Know and apply the enforcement provisions under current building legislation.

Schedule

Week 1 - 10 Jul 2017

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Topic 1 - Introduction to the Building Code of Australia (National Construction Code) Volume 2

Topic 1 of the prescribed study guide - Introduction to the Building Code of Australia (National Construction Code). Additional readings and online lecturer located under the Topic 1 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.

Week 2 - 17 Jul 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 2 - Building Code of Australia (BCA) Volume 2: Site preparation, footings, slabs and masonry construction	Topic 2 of the prescribed study guide - Building Code of Australia Volume 2: Site preparation, footings, slabs and masonry construction. Additional readings and online lecture located under the Topic 2 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	Practical and Written Assessment Due: Week 2 Friday (21 July 2017) 11:45 pm AEST

Week 3 - 24 Jul 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 3 - Building Code of Australia Volume 2: Framing, roofing, wall cladding, glazing.	Topic 3 of the prescribed study guide - Building Code of Australia Volume 2: Framing, roofing, wall cladding, glazing. Additional readings and online lecture located under the Topic 3 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	

Week 4 - 31 Jul 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 4 - Building Code of Australia fire safety, health and amenity.	Topic 4 of the prescribed study guide - Building Code of Australia fire safety, health and amenity. Additional readings and online lecture located under the Topic 4 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	Practical and Written Assessment Due: Week 4 Friday (4 Aug 2017) 11:45 pm AEST

Week 5 - 07 Aug 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 5 - Building Code of Australia Volume 2: Movement, access, additional requirements and structural design manuals.	Topic 5 of the prescribed study guide - Building Code of Australia Volume 2: Movement, access, additional requirements and structural design manuals. Additional readings and online lecture located under the Topic 5 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	

Vacation Week - 14 Aug 2017

Module/Topic	Chapter	Events and Submissions/Topic
There are no prescribed readings during vacation week.		

Week 6 - 21 Aug 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 6 - Building Code of Australia - energy efficiency.	Topic 6 of the prescribed study guide - Energy efficiency. Additional readings and online lecture located under the Topic 6 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	Written Assessment Due: Week 6 Friday (25 Aug 2017) 11:45 pm AEST Practical and Written Assessment Due: Week 6 Friday (25 Aug 2017) 11:45 pm AEST

Week 7 - 28 Aug 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 7 - Performance provisions of the Building Code of Australia.	Topic 7 of the prescribed study guide - Performance provisions of the Building Code of Australia. Additional readings and online lecture located under the Topic 7 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	

Week 8 - 04 Sep 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 8 - Australian Standards.	Topic 8 of the prescribed study guide - Australian Standards. Additional readings and online lecture located under the Topic 8 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	Practical and Written Assessment Due: Week 8 Friday (8 Sept 2017) 11:45 pm AEST

Week 9 - 11 Sep 2017

Module/Topic	Chapter	Events and Submissions/Topic
Topic 9 - Understanding the changing legislative environment.	Topic 9 of the prescribed study guide - Understanding the changing legislative environment. Additional readings and online lecture located under the Topic 9 tab on the Moodle home page. Please note that weekly online tutorials will be provided to supplement these study resources; please refer to the course forums and Moodle site for specific details.	

Week 10 - 18 Sep 2017

Assessment Tasks

1 Practical and Written Assessment

Assessment Type

Practical and Written Assessment

Task Description

Online forum

This assessment task will assess your knowledge of unit learning outcome 1. A satisfactory response to the assessment forum question is a compulsory component of this unit as it supplements the other assessments and learning outcomes that you are required to complete as part of this unit. You will need to show appropriate use of procedures, discussion and evaluation in your answers, with your answer succinctly answering the question within the required 200 word limit. This component of the unit assessment tasks comprises one (1) of five (5) individual forum posts that you will be required to answer over the course of the term. For successful completion of this unit you must provide a satisfactory response to each forum question posed by the unit lecturer. As with all assessments, formatting and presentation is really important, technical accuracy and referencing where required is paramount with an overarching requirement for demonstrating your answer / submission / design with clarity. All submissions should be submitted through the assessment forum link on the Moodle home page, by uploading your file following the on-screen instructions. You must ensure that all of the work is your own, in line with University requirements. Note: you will find further support material for this assignment on the Moodle site for this unit.

Assessment Due Date

Week 2 Friday (21 July 2017) 11:45 pm AEST

Please submit your response via the assessment forum link on the Moodle home page.

Return Date to Students

Week 3 Friday (28 July 2017)

Your grade for this task will be displayed on the assessment forum page.

Weighting

4%

Assessment Criteria

The assessment forum question is a compulsory component of this unit as it supplements the other assessments and learning outcomes that you are required to complete as part of this unit. Students are reminded that they are required to submit a satisfactory response to the assessment forum tasks in order to pass the unit.

The assignment will be assessed on the following basis:

- Clarity of expression and comprehensive coverage of issues
- Use of quality supporting documentation
- Use of original thought and content
- Overall presentation and ability to communicate

Referencing Style

3 Written Assessment

Assessment Type

Written Assessment

Task Description

Written assessment

This assessment task will assess your knowledge of unit learning outcomes 1 and 2. Authoring a written assignment of 2000 words, you will be required to do research and interpret current developments in the construction industry, with an emphasis upon the performance based National Construction Code (NCC).

As with all assessments, formatting and presentation is really important, technical accuracy and referencing where required is paramount with an overarching requirement for demonstrating your answer / submission / design with clarity. Details in relation to the length of this assignment will be found on the Moodle home site following the commencement of the term. Submissions exceeding the word limit by greater than 10% will not be assessed beyond the prescribed word limit.

Your assignment should be produced in electronic format either as

- a single word-processed document, or
- a single pdf format document.

All submissions must be submitted through the assessment link in Moodle, by uploading your file following the on-screen instructions.

Note: that all submissions are processed through the similarity detection software (called Turnitin)

You must ensure that all of the work is your own, in line with University requirements.

Note: you will find further support material for this assignment on the Moodle site for this course.

Assessment Due Date

Week 6 Friday (25 Aug 2017) 11:45 pm AEST

This assessment piece is required to be uploaded through the unit Moodle site.

Return Date to Students

Week 8 Friday (8 Sept 2017)

Individual grades and feedback will be provided through the unit Moodle site.

Weighting

40%

Assessment Criteria

The assignment will be assessed on the following basis:

- Clarity of expression and comprehensive coverage of issues
- Use of quality supporting documentation
- Use of original thought and content

- Overall presentation and ability to communicate using correct spelling, grammar and punctuation and the use of appropriate diagrams and other visual communication.
- Demonstration of core knowledge and appropriate application of knowledge.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
