BLAR12036 *Building Design 1*

Term 2 - 2027

Profile information current as at 07/09/2026 09:33 pm

All details in this unit profile for BLAR12036 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Building Design 1 will introduce you to creative design as a process of investigation, critical observation and experimentation. You will be introduced to the client briefing process as well as to basic aesthetic and sustainable design principles and their application to the design of low rise residential and commercial buildings. By engaging in a series of short design-based projects that involve critiquing, listening consciously, researching and creatively solving design problems, you will learn how to create spatial environments that are conducive to human well-being and that meet stakeholder requirements.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE Unit Comments

Feedback

The lecture being held at 5 pm also made it difficult to attend due to work commitments. It would be helpful if lectures were held no earlier than 5:30 pm to allow for students who work 8 am - 5pm.

Recommendation

Schedule Zoom sessions at 6 pm.

Feedback from SUTE Unit Comments

Feedback

Forums did not operate as intended. Students couldn't post to the Q&A forum.

Recommendation

This issue has been identified and should work correctly. If there is an issue, students are recommended to contact the Unit Coordinator as soon as possible.

Feedback from SUTE Unit Comments

Feedback

The weekly content of assessments, lectures, study guides, and forums added a lot of work to be completed in the 12 weeks; the assignments were very time-consuming.

Recommendation

All unit content and assessment should be able to be completed within 12.5 hours per week or 150 hours over the term.
