

BLAR13051 *Design Documentation*

Term 3 - 2018

Profile information current as at 08/05/2024 02:10 am

All details in this unit profile for BLAR13051 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will focus on developing skill required for successful project briefing and design phase development. It will require the establishment of a project brief and a demonstrated understanding of activities required as a part of the design phase of a project. Determining client needs; Establishing the project brief; Developing tools for developing and communication options throughout design phase of a project; Coordination and involvement in the design team; Developing communications mechanisms for design phases; Developing and maintaining a continuous learning strategy for practice as a design professional.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Prerequisite: BLAR13037 Building Design 2

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2018

- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Written Assessment**

Weighting: 40%

2. **Presentation and Written Assessment**

Weighting: 35%

3. **Presentation and Written Assessment**

Weighting: 25%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit Evaluation Survey

Feedback

The feedback from assessments and student feedback/critiques were particularly helpful for reviewing the design and re-thinking the design solutions.

Recommendation

We continue to promote Design Critique forums and provide constructive feedback and support peer feedback on students' designs in progress and design drawings.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Formulate a strategy for obtaining the information required for a client brief and a design brief
2. Produce design documentation including drawings from a site plan and brief
3. Develop a continuous learning strategy as a design professional
4. Solve routine and unfamiliar problems using information, technology, logic and ethical decision making
5. Practice personal and interpersonal skills
6. Use effectively a range of appropriate communication modes.

Schedule

Week 1 - 05 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Introduction to design documentation		

Week 2 - 12 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Developing the client brief		

Week 3 - 19 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Design considerations and requirements for the elderly population		

Week 4 - 26 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Developing the project brief		

Vacation Week - 03 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
There is no online session this week, enjoy the term break!		

Week 5 - 10 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Design issues in residential aged care facilities		

Week 6 - 17 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Assessing and developing design solutions		Assessment 1 Due Monday (18 Dec 2016) 11:45 PM AEST Assessment 1 Due: Week 6 Monday (17 Dec 2018) 11:45 pm AEST

Week 7 - 01 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Design drawing and presentation		

Week 8 - 07 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Student design project discussion/consultation session		

Week 9 - 14 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Technologies and building design practices		

Week 10 - 21 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Evaluation and reflection: learning from the design project		Assessment 2 Due Monday (15 Jan 2018) 11:45 PM AEST Assessment 2 Due: Week 10 Monday (21 Jan 2019) 11:45 pm AEST

Week 11 - 28 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Design review and presentation (A3)		

Week 12 - 04 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic
Overview of design documentation		

Exam Week - 11 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic

Term Specific Information

Assessment Tasks

1 Assessment 1

Assessment Type

Written Assessment

Task Description

For this assessment item, you will develop a Client and Project Brief for a residential aged care building. You will be required to examine the issues and requirements regarded as important to the design process and identify the client's responses to them. Upon selection of a proper site for your building, you will prepare a project brief for the design of the building. You will undertake a site analysis and gather all the information required as identified in the study guide as part of the brief development process. You will develop schematic diagrams and generate preliminary site and floor plans.

Assessment Due Date

Week 6 Monday (17 Dec 2018) 11:45 pm AEST

Return Date to Students

Week 8 Monday (7 Jan 2019)

Weighting

40%

Assessment Criteria

The assessment will address the following attributes:

- Clarity of expression and comprehensive coverage of issues
- Demonstration of an understanding of all issues raised in the study guide
- Use of quality supporting documentation
- Use of original thought and content
- Overall presentation and ability to communicate using correct spelling, grammar and punctuation and the use of appropriate diagrams and other graphics
- Demonstration and application of core knowledge.

Your assessment should be produced in electronic format.

Before or on the nominated due date, upload your work following the on-screen instructions.

Your submission will be processed through the similarity detection software, Turnitin. You may amend your work based on the detection report.

You must ensure that the submission is your own and that any cited work has been correctly referenced as per the CQU requirements.

Referencing Style

- [Harvard \(author-date\)](#)

Submission

Online

Submission Instructions

Submit a single PDF file to Moodle.

Learning Outcomes Assessed

- Formulate a strategy for obtaining the information required for a client brief and a design brief
- Produce design documentation including drawings from a site plan and brief
- Develop a continuous learning strategy as a design professional
- Solve routine and unfamiliar problems using information, technology, logic and ethical decision making
- Practice personal and interpersonal skills
- Use effectively a range of appropriate communication modes.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Information Technology Competence

2 Assessment 2

Assessment Type

Presentation and Written Assessment

Task Description

For this assessment, you will refine the preliminary site and floor plans and prepare detailed drawings for a planning submission i.e. a fully detailed site plan, fully dimensioned and detailed floor plans, elevations and one section through the building.

Assessment Due Date

Week 10 Monday (21 Jan 2019) 11:45 pm AEST

Return Date to Students

Week 12 Monday (4 Feb 2019)

Weighting

35%

Assessment Criteria

The assessment will address the following attributes:

3 Assessment 3

Assessment Type

Presentation and Written Assessment

Task Description

This assessment involves a peer review of at least two of your fellow students' design submissions and your responses to their feedback on your design project submission for Assessment 2.

Assessment Due Date

Exam Week Friday (15 Feb 2019) 11:45 pm AEST

Return Date to Students

After certification of grades or within two weeks of submission, which ever occurs later

Weighting

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
