

Profile information current as at 30/04/2024 01:24 pm

All details in this unit profile for BLAR13053 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides a broad and coherent study of urban design with some depth in specialist areas. These studies will develop your creative skills and critical judgement of urban design issues that are essential in professional practice, thus necessary content in the Bachelor of Building Design course. Topics review and deepen your existing knowledge of sustainable communities, environmental issues, and the movement of pedestrians and traffic in urban development. Specialist focus on heritage, diverse cultures, urban poverty, human behaviour, and emergency management in urban locations will be introduced. These studies and assessment tasks will develop skills in the exercise of critical thinking and judgement in identifying and solving problems. You will undertake teamwork to collaboratively and responsibly evaluate strategies in urban design.

Offerings For Term 3 - 2021

• Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the <u>University's Grades and Results Policy</u> for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the CQUniversity Policy site.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Feedback

Feedback

The content of the lectures is presented in a way that keeps everyone engaged and fosters a clear understanding of urban design principles.

Recommendation

The lectures will continue to be delivered in a similar fashion.

Feedback from Student Feedback

Feedback

The teamwork assessment is a great opportunity to work together with and learn from others whilst still allowing individual creativity and ensuring that the focus remains on the brief.

Recommendation

The teamwork assessment will continue to form the focus of this unit and be structured in the same way.

Feedback from Student Feedback

Feedback

Developing a large site as a team is great preparation for entering the workforce as a Building Designer.

Recommendation

Students will continue to work as a team on the development of a large site to prepare for entering the workforce.

Feedback from Student Feedback

Feedback

There is a big gap in students drawing capabilities.

Recommendation

The University recently began offering ArchiStar to support CAD learning and is currently in the process of designing a CAD unit.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

- 1. Analyse heritage and environmental issues in urban development
- 2. Reflect on and propose creative strategies to accommodate the diversity of human behaviour in the design of public urban spaces
- 3. Compare and modify movement of pedestrians and traffic within urban design
- 4. Adapt knowledge and skills to include diverse cultural needs and sustainable communities in urban design
- 5. Participate effectively in collaborative team activities.

Assessment Tasks

1 Assignment 1

Assessment Type

Written Assessment

Task Description

This assessment task comprises a report with plans. You will analyse a given city and one of the city's suburbs in order to gain an understanding of the context of a development site from an urban perspective. Full and detailed briefing for this assignment will be available in the Assessment Block in Moodle.

Assessment Due Date

Week 3 Friday (26 Nov 2021) 11:45 pm AEST

Return Date to Students

Week 5 Friday (17 Dec 2021)

Weighting

25%

Minimum mark or grade

Must achieve 40% minimum in each assessment and an overall unit result of 50% to pass.

Assessment Criteria

The assessment criteria used are:

- Comprehensive analysis of heritage and environmental issues in urban renewal
- Propose creative strategies to accommodate the diversity of human behaviour in the design of public urban spaces
- Compare and modify movement of pedestrians and traffic within urban design in a way that is sensitive to the surrounding environment as well as the needs of the user

Marks will be allocated as specified in the assignment brief in the Assessment Block in Moodle.

2 Assignment 2

Assessment Type

Written Assessment

Task Description

This assessment task comprises a report with plans and has a team work component. You will choose a team and will design a development located in the suburb that was researched in the first assignment. The design will be presented in draft version Week 5 and the final design will be presented in Week 11. A self and peer assessment survey will be conducted during the course of the assessment in which you will have the opportunity to review your own and the team's performance.

Full and detailed briefing for this assignment will be available in the Assessment Block in Moodle.

Assessment Due Date

Week 11 Monday (31 Jan 2022) 11:45 pm AEST

Team Submission via Moodle Portal on Due Date; Presentation to be held after due date in Week 11

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
