Please note that this Unit Profile is still in progress. The content below is subject to change.

BLAR14017 *Built Environment Projects*

Term 2 - 2026

Profile information current as at 05/12/2025 02:50 pm

All details in this unit profile for BLAR14017 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will learn by combining workplace opportunities and a guided research methodology to produce a folio of logged experience, critical reflection and local and international project analyses to grow your intellectual capital. You will use the university's graduate attributes to evaluate and report your professional interpersonal strengths and weaknesses using various modes of communication. Students who have successfully completed BLCN14036 or BLSV14014 should not enrol in this unit.

Details

Career Level: *Undergraduate*

Unit Level: *Level 4*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Pre-requisite Condition: Successfully completed 108 units of credits in the Building Surveying (Honours) or Construction Management (Honours) course.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2026

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Information for Class and Assessment Overview has not been released yet.

This information will be available on Monday 18 May 2026

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student via MS Teams

Feedback

Some of the unit's skills were useful, but as a whole, the unit was not very helpful.

Recommendation

The unit is to be aligned more strongly with industry codes of conduct.

Feedback from Student in final tutorial

Feedback

The use of the units MS Team was very helpful.

Recommendation

MS Teams will continue to be actively used.

Feedback from Staff reflection

Feedback

Review assessment design

Recommendation

A review of the assessment design and tasks will be undertaken to confirm their alignment with the expected learning outcomes and graduate capabilities.

Feedback from Staff reflection

Feedback

Include recently completed projects into tutorials

Recommendation

Recently completed and high-profile built environment projects will be incorporated into the tutorials and assessment tasks to enhance relevance and industry alignment.
