

BLAR14019 *Built Environment Research Plan*

Term 1 - 2023

Profile information current as at 28/04/2024 11:12 pm

All details in this unit profile for BLAR14019 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In this unit, you will work and learn autonomously, demonstrate professional capabilities expected of a graduating industry practitioner, formulate and adhere to a research plan, communicate progress, and prepare interim reports and presentations. You will define and scope a research topic by applying detailed technical knowledge and industry based methodologies, assessing safety and risk factors, preparing a feasible plan and drafting an implementation schedule. The unit will give you an opportunity to develop your personal and interpersonal skills and use effectively different modes of communication. Note: Prior to the commencement of term and before an enrolment can be accepted, you must confirm with the unit coordinator that you have identified a suitable research interest and an academic supervisor is available. Students who have successfully completed BLCN14036 or BLSV14012 should not enrol in this unit.

Details

Career Level: *Undergraduate*

Unit Level: *Level 4*

Credit Points: 12

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.25

Pre-requisites or Co-requisites

Pre-requisite Condition: Successfully completed 126 units of credits in the Building Surveying (Honours) or Construction Management (Honours) course.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2023

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 12-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 25 hours of study per week, making a total of 300 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Presentation and Written Assessment**

Weighting: 30%

2. **Written Assessment**

Weighting: 30%

3. **Presentation and Written Assessment**

Weighting: 40%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit and Teaching Evaluation Survey

Feedback

Data showed that students were satisfied with the assessment items and found the feedback they received supporting their learning.

Recommendation

The teaching team continues to include relevant assessment items and provides timely constructive feedback for students.

Feedback from Student Unit and Teaching Evaluation Survey

Feedback

One student felt the unit would be more suited to those who would consider continuing with a research degree.

Recommendation

The teaching team ensures the relevance of the unit content and the advantage of skills in contemporary research developed in the unit for working in the industry will be highlighted to students in the first weekly online session and across the unit modules.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Formulate and operate a research plan.
2. Apply detailed technical knowledge and industry based methodologies, assess safety and risk factors, and prepare a feasible plan and implementation schedule.
3. Discover and use information sources and technology to collect, analyse and interpret data, notes and references.
4. Practice personal and interpersonal skills.
5. Use effectively different modes of communication.

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Alignment of Assessment Tasks to Learning Outcomes

Schedule

Week 1 - 06 Mar 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 1. Introduction to Research Methodology and Methods of Knowing		

Week 2 - 13 Mar 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 2. Literature Reviews and Annotated Bibliographies		

Week 3 - 20 Mar 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 3. The Research Process: from ideas to results		

Week 4 - 27 Mar 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 4. Research Design and Strategies		

Week 5 - 03 Apr 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 4. Research Design and Strategies (continues)		Assessment 1: develop a proposal Due: Week 5 Friday (7 Apr 2023) 11:45 pm AEST

Vacation Week - 10 Apr 2023

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Week 6 - 17 Apr 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 5. Data Collection Methods		

Week 7 - 24 Apr 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 5. Data Collection Methods (continues)		

Week 8 - 01 May 2023

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Topic 6. Research Ethics and Sampling Strategies

Assessment 2: Literature review
Due: Week 8 Friday (5 May 2023)
11:45 pm AEST

Week 9 - 08 May 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 7. Qualitative and Quantitative Data Analysis		

Week 10 - 15 May 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 7. Qualitative and Quantitative Data Analysis (continues)		

Week 11 - 22 May 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 8. Writing a Research Report for Publication		

Week 12 - 29 May 2023

Module/Topic	Chapter	Events and Submissions/Topic
Topic 8. Writing a Research Report for Publication (continues)		

Review/Exam Week - 05 Jun 2023

Module/Topic	Chapter	Events and Submissions/Topic
		Assessment 3: Research Report Due: Review/Exam Week Wednesday (7 June 2023) 11:45 pm AEST

Exam Week - 12 Jun 2023

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Assessment Tasks

1 Assessment 1: develop a proposal

Assessment Type

Presentation and Written Assessment

Task Description

You are to develop a proposal for a research topic/field of built environment. This topic could be interdisciplinary. The specific tasks include selection of a title of your topic, background of the topic, identification of the objectives and significance of the topic, possible research methodology and discussion on the expected benefits of the research. This assessment item relates to the unit learning outcomes 1, 2, and 5. The task will address Topics 1, 2, 3, 4, and 5 of the Study Guide.

Assessment Due Date

Week 5 Friday (7 Apr 2023) 11:45 pm AEST

Return Date to Students

Week 8 Monday (1 May 2023)

Weighting

30%

Assessment Criteria

The assessment will address the following attributes:

- Clarity of expression and comprehensive coverage of issues;
- Demonstration of an understanding of all issues raised in the study guide;
- Use of quality supporting documentation;
- Use of original thought and content;
- Overall presentation and ability to communicate using correct spelling, grammar and punctuation and the use of appropriate diagrams and other graphics; and
- Demonstration and application of core knowledge.

Your assessment should be produced in electronic format.

Before or on the nominated due date, upload your work following the on-screen instructions.

Your submission will be processed through the similarity detection software, Turnitin. You may amend your work based on the detection report.

You must ensure that the submission is your own and that any cited work has been correctly referenced as per the CQU requirements.

Referencing Style

- [Harvard \(author-date\)](#)

Submission

Online

Submission Instructions

Deliver the team presentation via Zoom sessions scheduled by your lecturer and submit the individual report online via the assessment block of the Moodle page of the unit

Learning Outcomes Assessed

- Formulate and operate a research plan.
- Apply detailed technical knowledge and industry based methodologies, assess safety and risk factors, and prepare a feasible plan and implementation schedule.
- Discover and use information sources and technology to collect, analyse and interpret data, notes and references.
- Practice personal and interpersonal skills.
- Use effectively different modes of communication.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Team Work
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice

2 Assessment 2: Literature review

Assessment Type

Written Assessment

Task Description

You are to develop a Literature Review for your research proposed in assignment 1 previously. This literature review includes but is not limited to: literature search method, the current status of research, and identification of the variables that are required to achieve the research objectives. This will demand extensive searching of peer-reviewed Journals/papers and articles by use of Scopus database as a minimum. You will use EndNote to assist your referencing, and this is available to all students via the Library.

Assessment Due Date

Week 8 Friday (5 May 2023) 11:45 pm AEST

Return Date to Students

Week 11 Monday (22 May 2023)

Weighting

30%

Assessment Criteria

The assessment will address the following attributes:

- Clarity of expression and comprehensive coverage of issues;
- Demonstration of an understanding of all issues raised in the study guide;
- Use of quality supporting documentation;
- Use of original thought and content;
- Overall presentation and ability to communicate using correct spelling, grammar and punctuation and the use of appropriate diagrams and other graphics; and
- Demonstration and application of core knowledge.

Your assessment should be produced in electronic format.

Before or on the nominated due date, upload your work following the on-screen instructions.

Your submission will be processed through the similarity detection software, Turnitin. You may amend your work based on the detection report.

You must ensure that the submission is your own and that any cited work has been correctly referenced as per the CQU requirements.

3 Assessment 3: Research Report

Assessment Type

Presentation and Written Assessment

Task Description

This assessment involves writing a research report based on the research plan outline that you developed in the previous assessment. This assessment relates to the unit learning outcomes 1, 2, 3, 4, and 5. The task will address Topics 1-8 of the Study Guide.

Assessment Due Date

Review/Exam Week Wednesday (7 June 2023) 11:45 pm AEST

Return Date to Students

Within two weeks of the submission due date and before the certification of grades.

Weighting

40%

Minimum mark or grade

To pass this unit, you must achieve a minimum of 30% from A3 (12 out of 40).

Assessment Criteria

The assessment will address the following attributes:

- Clarity of expression and comprehensive coverage of issues;
- Demonstration of an understanding of all issues raised in the study guide;
- Use of quality supporting documentation;
- Use of original thought and content;
- Overall presentation and ability to communicate using correct spelling, grammar and punctuation and the use of appropriate diagrams and other graphics; and
- Demonstration and application of core knowledge.

Your assessment should be produced in electronic format.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
