BLCN13038 *Cost Planning and Control*

Term 3 - 2024

Profile information current as at 01/05/2024 04:06 pm

All details in this unit profile for BLCN13038 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit provides an understanding of cost planning and cost control procedures in the building and construction industry including: Cost effectiveness and cost control of construction projects; Cost management, cost monitoring, control systems, cost reporting and forecasting, variation control, cash flow co-ordination, work packaging, scoping, projections, and budgets throughout the design and construction phases of a project; Principles of construction cost control systems; budget maintenance; analysis of performance; cost reports; contract cost administration; Cost Planning: Objectives and parameters, Data gathering, data analysis, analysis of design, project implementation plans, procurement plans, financial analysis, scope audits. It will also provide you with an introduction to the project value management process and the establishment of client cost targets, time targets, risk allocation, cost breakdowns, end cost, and project alternatives for construction projects.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2024

- Online

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit Teaching Evaluation (SUTE)

Feedback

The lecturer led the way for better conceptual understanding during the classes.

Recommendation

The same strategy is recommended to be adopted for next and future deliveries. Furthermore, learning and assessment materials will be designed giving more focus on cost planning applications in the context of construction management.

Feedback from Student Unit Teaching Evaluation (SUTE)

Feedback

The unit was very well run and was easy to digest the learning materials.

Recommendation

The same strategy is recommended to be adopted for next and future deliveries. Furthermore, learning and assessment materials will be designed giving more focus on cost planning applications in the context of construction management.
