General Information

Overview

In Construction Contract Administration you will be introduced to the principles of law, contract administration, and dispute resolution in the construction industry. In this unit, you will investigate a range of issues and claims arising in the construction process. In particular, you will develop an understanding of certain general conditions and legal concepts relevant to contracts such as unjust enrichment, frustration, waiver, estoppel, and specific performance. You will also gain knowledge of alternative dispute resolution methods and become familiar with the Building and Construction Industry Security of Payment Act.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Sute Student Evaluation

Feedback

Best aspects of the class were the clear and knowledgeable explanations

Recommendation

Lectures and tutorials will continue to provide up to date knowledge, real-life examples and industry relevant learning material.

Feedback from Sute Student Evaluation

Feedback

Some field visits or practical knowledge should be added to the unit.

Recommendation

A site visit was held for Perth Students in a previous term and an industry expert visited in class this term. From 2024 face to face classes led by lecturers on Sydney and Brisbane campuses will further connect to the local construction industry.
