General Information

Overview

In Construction Contract Administration you will be introduced to the principles of law, contract administration, and dispute resolution in the construction industry. In this unit, you will investigate a range of issues and claims arising in the construction process. In particular, you will develop an understanding of certain general conditions and legal concepts relevant to contracts such as unjust enrichment, frustration, waiver, estoppel, and specific performance. You will also gain knowledge of alternative dispute resolution methods and become familiar with the Building and Construction Industry Security of Payment Act.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Unit and Teaching Evaluation (SUTE) in T2, 2025

Feedback

Students found the unit to provide an excellent learning experience.

Recommendation

We will maintain the current teaching strategies that have contributed to an excellent learning experience and continue to build on these strengths by exploring additional innovative approaches to further enhance student engagement and satisfaction.

Feedback from Student Unit and Teaching Evaluation (SUTE) in T2, 2025

Feedback

Students identified the teaching approach as effective, noting the inclusion of frequent and clear communication with students.

Recommendation

We will continue to use the current teaching approach and maintain frequent communication with students, as these practices are proving effective. Additionally, we will consider exploring further strategies to enhance engagement and sustain this positive impact.
