

BLSV12020 *Building Infrastructure Audits*

Term 3 - 2018

Profile information current as at 04/05/2024 06:52 am

All details in this unit profile for BLSV12020 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit aims to develop an understanding of the fundamentals of auditing building layouts, fabric, detailing for regulatory and best-practice performance through design, construction and refurbishment phases of building projects.

Details

Career Level: *Undergraduate*

Unit Level: *Level 2*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

BLAR12034 Building Legislation 1 or BLAR11051 Construction Legislation 1.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2018

- Distance

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Written Assessment**

Weighting: 30%

2. **Written Assessment**

Weighting: 30%

3. **Written Assessment**

Weighting: 40%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Discuss the difference between building inspections, audits and condition assessments.
2. Organise an inspection/audit/assessment from engagement to finalisation.
3. Manage inspections of buildings subject of complaints and disputes.
4. Explain the benefits of preventative maintenance of structures.
5. Identify basic structural and building environment defects.
6. Develop professional and comprehensive defect and recommendation reports.

Schedule

Week 1 - 05 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 1: Inspections and audits.		

Week 2 - 12 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 2: Management of information and organisation of project role.		

Week 3 - 19 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 3: Fixed structure asset management.		

Week 4 - 26 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 4: Complaint and dispute investigation and management.		Assessment 1 Due: Week 4 Friday (30 Nov 2018) 11:45 pm AEST

Vacation Week - 03 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
No online session - enjoy the break!		

Week 5 - 10 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 5: Condition assessments of domestic buildings.		

Week 6 - 17 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 6: Condition assessments of non-domestic buildings.		

Week 7 - 31 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Topic 7: Termite and pest inspections.		

Week 8 - 07 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Topic 8: Service audits		Assessment 2 Due: Week 8 Friday (11 Jan 2019) 11:45 pm AEST

Week 9 - 14 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Topic 9: Damp penetration and condensation.		

Week 10 - 21 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Topic 10: Structure analysis.		

Week 11 - 28 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Topic 11: Post disaster / incident auditing.		

Week 12 - 04 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic
Topic 12: Report writing.		

Review/ Exam Week (Week 13) - 11 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic
		Assessment 3 Due: Exam Week Friday (15 Feb 2019) 11:45 pm AEST

Assessment Tasks

1 Assessment 1

Assessment Type

Written Assessment

Task Description

This assessment will focus on preventative maintenance within the context of building asset management and to develop an appropriate plan or checklist for use when inspecting the asset.

Assessment Due Date

Week 4 Friday (30 Nov 2018) 11:45 pm AEST

Submit via the assessment portal on the Moodle home page

Return Date to Students

Week 6 Friday (21 Dec 2018)

Within two weeks of submission.

Weighting

30%

Assessment Criteria

The assessment will address the following attributes:

- Clarity & succinctness of expression
- Adequate coverage of topics discussed
- Use of supporting information where appropriate and associated references.
- Original thought.
- Overall presentation and the ability to communicate using correct spelling, grammar and punctuation.
- Where appropriate the use of graphs, illustrations and other diagrams that visually support the context of your submission.
- Demonstration of the core knowledge associated with this course and appropriate application of this knowledge.

Your assessment should be produced in electronic format.

Before or on the nominated due date, upload your work following the on-screen instructions.

Your submission will be processed through the similarity detection software, Turnitin. You may amend your work based on the detection report.

You must ensure that the submission is your own and that any cited work has been correctly referenced as per the CQU requirements.

Referencing Style

- [Harvard \(author-date\)](#)

Submission

Online

Submission Instructions

Submit as a single PDF file to the Moodle.

Learning Outcomes Assessed

- Discuss the difference between building inspections, audits and condition assessments.
- Organise an inspection/audit/assessment from engagement to finalisation.
- Manage inspections of buildings subject of complaints and disputes.
- Explain the benefits of preventative maintenance of structures.
- Identify basic structural and building environment defects.
- Develop professional and comprehensive defect and recommendation reports.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy
- Ethical practice

2 Assessment 2

Assessment Type

Written Assessment

Task Description

This assessment will focus on how a condition inspection of a building will influence the preventative maintenance schedules and the subsequent role these schedules contribute towards the lifespan of the structure and the benefits of planning maintenance work.

Assessment Due Date

Week 8 Friday (11 Jan 2019) 11:45 pm AEST

Submit via the assessment portal on the Moodle home page

Return Date to Students

Week 10 Friday (25 Jan 2019)

Within two weeks of submission

Weighting

30%

3 Assessment 3

Assessment Type

Written Assessment

Task Description

The assessment requires you to research an asset management issue including structural and non-structural elements and document your findings.

Assessment Due Date

Exam Week Friday (15 Feb 2019) 11:45 pm AEST

Submit via the assessment portal on the Moodle home page

Return Date to Students

Exam Week Friday (15 Feb 2019)

At certification of grades

Weighting

40%

Minimum mark or grade

Minimum mark of 50% is required to obtain for this assessment (A3) along with overall cumulative result of 50% or more from all assessments to pass the unit

Assessment Criteria

The assessment will address the following attributes:

- Clarity & succinctness of expression
- Adequate coverage of topics discussed
- Use of supporting information where appropriate and associated references.
- Original thought.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
