General Information

Overview

This unit will provide you with foundation skills for work in histological and cytological (anatomical pathology) pathology departments. You will discuss and perform diagnostic histological techniques including tissue preparation, fixation, routine and special staining, sectioning and mounting. You will also prepare cytological specimens. Through your participation in practical sessions, you will develop a high level of skill in efficient use of microscope optics for examination of prepared slides. You will be able to apply quality assurance processes and quality improvement measures.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Residential Schools

This unit has a Compulsory Residential School for distance mode students and the details are:

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Informal verbal student feedback

Feedback

While all assessment is stressful, the oral presentations were an engaging manner of demonstrating what we have learned in a supportive environment.

Recommendation

Maintain the format of the oral presentation. Having no minimum grade alleviated the stress to the students, while still encouraging students to complete the task. Holding this activity following the residential school helped nurture a supportive environment.

Feedback from SUTE feedback

Feedback

"Loved the lecture format".

Recommendation

Maintain the Moodle Lessons Format.

Feedback from Self-reflection and SUTE feedback

Feedback

Some students prefer traditional two hour and live lectures.

Recommendation

Continue to offer live tutorials for those who prefer a lectorial style format. Also offer hand-outs and links to traditional two-hour presentations in the extra resources.
