BMSC13019 Advanced Cardiovascular and Respiratory Measurement

Term 2 - 2024

Profile information current as at 02/05/2024 01:32 pm

All details in this unit profile for BMSC13019 have been officially approved by CQU University and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Accurate analysis and assessment of cardiovascular and respiratory conditions requires comprehensive knowledge of clinical tests of cardiovascular and respiratory function. In this unit, you will study advanced clinical diagnostic tests of cardiovascular and respiratory function and relate it to pathophysiology of cardiac and respiratory conditions. This will include study of cardiac function tests including haemodynamic, electrophysiological and angiographic cardiovascular measurement; and the study of respiratory function tests including lung volumes and capacities, pulmonary gas exchange, airway resistance, compliance and blood gas measurements. In preparation for clinical placement you will attain knowledge and skills needed to analyse cardiovascular and respiratory conditions within an ethical framework of best practice and patient safety.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: *12*

Student Contribution Band: *8*

Fraction of Full-Time Student Load: *0.25*

Pre-requisites or Co-requisites

Pre-requisite BMSC12006 Cardiorespiratory Physiology and Measurement

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2024

- Online
- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student unit evaluation survey

Feedback

Some students felt that weekly interactive activities may be beneficial.

Recommendation

The inclusion of weekly interactive activities will be considered to promote student engagement.

Feedback from Student unit evaluation survey

Feedback

Students enjoyed the structure of the lectures and fortnightly tutorials.

Recommendation

The current teaching strategy will be maintained.
