

BMSC14005 Preparation for Professional Practice in Medical Laboratory Science

Term 1 - 2021

Profile information current as at 25/04/2024 01:57 am

All details in this unit profile for BMSC14005 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

Corrections

Unit Profile Correction added on 03-03-21

The end of term examination has now been changed to an alternate form of assessment. Please see your Moodle site for details of the assessment.

General Information

Overview

This capstone unit will provide you with an opportunity to examine and critique current health practices issues prior to your entry into the Medical Laboratory Science professional workforce. Your study will focus on the contemporary legislative, social and economic trends in the Australian Pathology profession that will impact on your practice. You will be required to exhibit ethical decision-making and clinical/professional reasoning at a graduate level, in preparation for practice.

Details

Career Level: *Undergraduate*

Unit Level: *Level 4*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

BMSC13001 Advanced Haematology; BMSC13002 Advanced Clinical Biochemistry; BMSC13003 Advanced Clinical Microbiology; BMSC13009 Immunology; BMSC13010 Pharmacology; BMSC13011 Advanced Transfusion Science; BMSC13012 Advanced Work Integrated Learning; AND BMSC13016 Advanced Histopathology and Cytopathology

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 1 - 2021

- Online
- Rockhampton

Attendance Requirements

All on-campus students are expected to attend scheduled classes - in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Reflective Practice Assignment**

Weighting: 20%

2. **Portfolio**

Weighting: 40%

3. **Examination**

Weighting: 40%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback

Feedback

Students appreciated the introduction to the 'non-technical' aspects of professional practice.

Recommendation

Continue to provide an insight into contemporary practice in Medical Laboratory Science including professional behaviour.

Feedback from Student feedback

Feedback

Students felt that the assessment tasks could have had more structure.

Recommendation

Consider developing more structure around assessment tasks.

Feedback from Student feedback

Feedback

Students appreciated the support provided by the team.

Recommendation

Ensure that the level of support is maintained.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Apply knowledge of legal, economic and ethical issues that impact the provision of health care services and best practice in Medical Laboratory Science
2. Investigate the current trends in the provision of professional services to rural/remote and regional Australia
3. Discuss the principles underlying effective leadership and communication skills in health care settings, demonstrating cultural safety
4. Discuss current Australian Standards for laboratory accreditation and how these impact on service delivery in rural/remote and regional Australia
5. Discuss the role of a Medical Laboratory Scientist in the Safety and Risk Management framework in healthcare.

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Term Specific Information

The Unit Coordinator for this Unit is Wayne Pederick who can be contacted by e-mail (w.pederick@cqu.edu.au) or via the Moodle forums.

Lectures will all be pre-recorded in smaller 'modules' and will be posted on the Moodle page.

There are weekly Tutorials that will be linked to Zoom and will also be recorded and posted to the Moodle page.

There is no prescribed textbook for this unit.

A number of readings will be suggested or made available to you as resource materials for this unit.

Please note that the end-of-term assessment task (Assessment #3) will be an Oral Examination replacing the Written Examination.

Assessment Tasks

1 Reflective Practice

Assessment Type

Reflective Practice Assignment

Task Description

You are required to reflect upon your previous clinical placements (Work Integrated Learning) and how the role of the Medical Scientists was guided by the legal, economic and ethical framework and how they displayed effective leadership and communication skills in the execution of their role. You may also reflect upon the process of laboratory accreditation and workplace health and safety and how they guided practice.

Assessment Due Date

Week 4 Friday (2 Apr 2021) 11:59 pm AEST

Upload assignment to Moodle

Return Date to Students

Week 6 Monday (19 Apr 2021)

Marked assignments will be posted to Moodle

Weighting

20%

Minimum mark or grade

50%

Assessment Criteria

A marking guide for the reflective practice item will be made available on the Moodle page.

Referencing Style

- [Harvard \(author-date\)](#)
- [Vancouver](#)

Submission

Online

Submission Instructions

Upload assignment to Moodle

Learning Outcomes Assessed

- Apply knowledge of legal, economic and ethical issues that impact the provision of health care services and best practice in Medical Laboratory Science
- Discuss current Australian Standards for laboratory accreditation and how these impact on service delivery in rural/remote and regional Australia
- Discuss the role of a Medical Laboratory Scientist in the Safety and Risk Management framework in healthcare.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Cross Cultural Competence
- Ethical practice

2 Portfolio of work

Assessment Type

Portfolio

Task Description

A number of case studies will be provided during the term. You are required to submit your responses to four of these cases as a portfolio of work.

Topics for the case studies may include Quality Management, Personnel Management, Professional Development, Legislation and the Regulatory Framework of Pathology, Workplace Health and Safety and Emerging Technology in Pathology.

Assessment Due Date

Week 7 Friday (30 Apr 2021) 11:59 pm AEST

Upload assignment to Moodle

Return Date to Students

Week 9 Friday (14 May 2021)

Marked assignments will be posted to Moodle

Weighting

40%

Minimum mark or grade

50%

Assessment Criteria

A marking Guide for this assessment will be provided on the Moodle page.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
