General Information

Overview

The rapid advancement of digital technologies has transformed traditional business models and given rise to platform-based ecosystems that redefine competition, value creation, and customer engagement. This unit explores the foundations of digital business models, platform economies, and disruptive innovation, equipping you with the knowledge to critically assess emerging business trends. You will examine case studies of successful digital businesses while also exploring challenges related to data privacy, cybersecurity, and regulatory concerns. The unit will provide hands-on experience in designing and evaluating digital business strategies, leveraging platform dynamics, network effects, and digital monetisation approaches to drive sustainable business growth.
