Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Evaluation feedback

Feedback

The inclusion of indigenous and Torres Strait Islander content into the curriculum.

Recommendation

The Unit Coordinator will include a Welcome to Country as a part of the week one orientation content. Further, indigenous and Torres Strait Islander content can be included in the module on Intercultural Communication within the Business Context.

Feedback from The data from CQU Success indicates that the students are not engaging in the week one activities prior to the beginning of the term. Also, emails sent to the Unit Coordinator indicates that the students are no using Moodle early in the term.

Feedback

Remove the module on Written Business Communication and change the first week's content to focus on orienting the students more broadly to post-graduate study and the use of Moodle. The current content from Week One will be moved to Week Two.

Recommendation

It is recommended that the Unit Coordinator undertakes, but is not limited to the following new activities in Week One.

1. Include a Welcome to Country message
2. Include a Moodle Treasure Hunt Activity (H5P) to be undertaken during the Week One Workshop.
3. Include an AI Activity in the Workshop-Comparing Definitions of Communication (the students will be asked compare and contrast an AI sourced definition, a personal definition, and the definition used is the unit (this latter definition will be a part of the Treasure Hunt Activity)). This activity will lead into the unit and university guidelines around AI. These activities will be integrating into the existing workshop leader led activity that provides an overview of the unit topics and assessments.
