2 Origins and Principles of Dance

Assessment Type

Written Assessment

Task Description

Write and upload a 1500 word essay with references to Moodle. Consider how dance genre, historical periods and geographical area influence historical narratives. Choose one of two questions to reflect on where critical perspectives and critical theory intersect, and discuss and contextualise your reasoning as justification. Question One: How do historical narratives shape dance history? The essay should draw upon the critical perspective of 'bias' - what is included and excluded in a historical narrative, and the critical theory of postmodernism. or Question Two: Cultural values are inherent in a geographic region. In relation to historical narratives, how do cultural narratives differ when located in the 'centre' and on the 'periphery'? The essay should draw upon the critical perspective of social and political power, and the critical theory of postcolonialism.

Format:

Provide a clear introduction and conclusion. Include a Reference list on the last page and use in-text referencing as appropriate to the content of the essay to show where you have sourced your information. References can include the textbook for the unit as well as other readings you have used including all books, journal articles (including electronic journal articles from databases), newspaper articles, scores, scripts, music recordings, video recordings and references from electronic sources as appropriate. The referencing style is the APA Style, 6th Edition. The essay should be written in the following format: A4, 4cm margin, 1.5 line spacing, 12 point font, numbered pages, justified paragraph alignment and a standard cover page nominating the Unit Code and Title, Assessment Number, Student Name and Student Number.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
