Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

Assessment Tasks

1 Lead Sheet

Assessment Type

Portfolio

Task Description

You are required to create an original 16 bar composition. This will constitute part of your end of term portfolio composition. The composition could be purely instrumental or include lyrics.

You must submit:

- A lead sheet for the song. This may be created on a music notation program (e.g. Sibelius) or by hand and scanned. This should be in pdf format.
- Lead sheet should include chords, melody, time signature, key signature, tempo and feel indication, section markings, dynamics and lyrics (if applicable).

You will also submit a written analysis of the composition, utilising traditional analysis techniques such as functional harmonic analysis.

Assessment Due Date

Week 7 Friday (3 May 2019) 11:55 pm AEST

Return Date to Students

Week 9 Friday (17 May 2019)

After they have been marked results will be uploaded to the Moodle gradebook.

Weighting

30%

Assessment Criteria

Demonstrated use of melodic construction techniques (30%)

Effective use of harmony (30%)

Lead sheet presentation including time signature, key signature, tempo and feel indication, section markings and dynamics (30%)

Written analysis covering functional harmony and motivic development (10%)

2 Mixing Portfolio

Assessment Type

Portfolio

Task Description

The mixing stage is a critical stage in the production process and requires both technical and creative skills. In this assessment you will be required to submit a mixing portfolio of 2 songs. One song will be an acoustic production that you have recorded in a previous unit and the other song will be provided to you by your lecturer.

The songs may be mixed in either Pro Tools or Ableton Live. You will be required to use the tools available in the DAW to produce a balanced mix that is comparable to other songs in its genre. Processing will include but is not limited to:

- Level
- Pan
- EQ
- Compression
- Reverb
- Delay
- Deessing

Your mixes should be ready to send to mastering with the following levels:

- Peak = no more than -6dBFS
- RMS = -no more than -14dBFS

You will submit:

- A DAW session for each mix with the session in the final mix stage.
- A stereo bounce with no SRC or dithering.

Assessment Due Date

Week 10 Friday (24 May 2019) 11:55 pm AEST

Return Date to Students

Week 12 Friday (7 June 2019)

After they have been marked results will be uploaded to the Moodle gradebook.

Weighting

3 Original Composition Portfolio

Assessment Type

Portfolio

Task Description

Over the term, you will continue to develop your skills in songwriting, arrangement and music production. In this assessment, you are required to create an original composition in a chosen genre. The composition will be a minimum of 32 bars in length and contain both music and lyrical elements developed over the term. The composition will be recorded in the studio and accompanied by a lead sheet. You will also submit a 500-800 word discussion on the arrangement of the composition.

The composition

The composition should be at least 32 bars in length and should include:

- A lead sheet for the song. This may be created on a music notation program (e.g. Sibelius) or by hand and scanned. This should be in pdf format.
- Lead sheet should include chords, melody, time signature, key signature, tempo and feel indication, section markings, dynamics and lyrics (if applicable).

The recording

You are to submit an audio recording of an original composition. All sounds will be recorded, edited and mixed and demonstrate genre specific production techniques. You may work in small groups to record all instrumental parts of the song, but must edit and mix the song individually. You may also use software instruments and samples to create instrumental parts as required.

Recordings will be topped and tailed and free from extraneous noise. Your final bounce will be a stereo mix of your signals with an RMS level of no more than -14dBFS.

Portfolio submission components

- A lead sheet as a PDF
- A 500 - 800 word discussion of your arrangement as a Microsoft Word Document (.docx)
- A recording of the song in wav format (Stereo, 44.1kHz 16 bit)

Assessment Due Date

Review/Exam Week Wednesday (12 June 2019) 11:55 pm AEST

Return Date to Students

Exam Week Friday (21 June 2019)

After they have been marked results will be uploaded to the Moodle gradebook.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
