

CHIR13009 Professional Chiropractic Practice 2

Term 2 - 2022

Profile information current as at 28/04/2024 06:59 pm

All details in this unit profile for CHIR13009 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

This unit will introduce you to procedures used in chiropractic practice for the assessment and management of complex musculoskeletal conditions. Building on the skills you have learned in CHIR13008, Professional Chiropractic Practice 1, you will develop orthopedic and neurological examination skills at an advanced level. You will develop treatment and management plans and practice chiropractic techniques used in the management of increasingly complex and multifaceted conditions.

Details

Career Level: *Undergraduate*

Unit Level: *Level 3*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

Co-Requisite: CHIR13006 Pre-requisites: CHIR13008 and CHIR12007

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 2 - 2022

- Brisbane
- Mackay
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Portfolio**

Weighting: 20%

2. **Written Assessment**

Weighting: 30%

3. **Practical Assessment**

Weighting: Pass/Fail

4. **On-campus Activity**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Have Your Say

Feedback

Students felt there was good integration with other units (CAD 2 and 3)

Recommendation

It is recommended that any future opportunities for further integration with other units be taken.

Feedback from Have Your Say

Feedback

Students appreciated having a lot of lab time to build psychomotor skills

Recommendation

It is recommended that the unit continues to offer adequate lab time for students to practice their skills.

Feedback from Have Your Say

Feedback

Some students did not enjoy the group assignment feeling that it was unfair to have their mark impacted by someone else's lack of work.

Recommendation

It is recommended that students are provided with guidance to maximise their learning experience in group projects.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Demonstrate advanced clinical assessment skills including neurological and orthopedic procedures used in chiropractic practice
2. Demonstrate advanced management skills including techniques used in chiropractic practice
3. Apply clinical reasoning skills to the selection and application of assessment and management procedures relevant to complex and multifaceted conditions seen in chiropractic practice
4. Reflect on and discuss the behavioural expectations of a healthcare professional in multi-cultural Australia.

Learning outcome 1 - Competency 1 (1.1, 1.2 and 1.3), 2 (2.1), 3 (3.1, 3.2 and 3.4)

Learning outcome 2 - Competency 1 (1.1, 1.2 and 1.3), 2 (2.1 and 2.3), 4 (4.1 and 4.2), 5 (5.1 and 5.2)

Learning outcome 3 - Competency 1 (1.1, 1.2, 1.3 and 1.4), 2 (2.2), 3 (3.3, 3.4 and 3.5), 4 (4.1 and 4.2)

Learning outcome 4 - Competency 2 (2.1), 3 (3.1, 3.2 and 3.4)

Schedule

Week 1 Hip - 11 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
Lectures and tutorials. 1.0 Introduction and expectations for the unit. 1.1 Hip Joint: Orthopedic Examination, Psychomotor Skills and GORP Technique: Practical skills 2 x 3 hours practical sessions. Hip Joint: Orthopedic Examination, Psychomotor Skills and GORP	Resources and readings will be given via Reading List throughout the term. Please view each week for all readings.. Bergmann, T. Chiropractic Technique, Principles and Procedures, 3rd Edition(2010) pages 337-349 Magee. D, Orthopedic Physical Assessment, 6th Edition (2014), Hip Chapter 11 pages 689-736 (Special Tests 705-730) Souza T. Differential Diagnosis and Management for the Chiropractor, Protocols and Algorithms, 5th Edition. 2016, pages 391 - 415 (hip, groin and thigh complaints)	

Week 2 Knee - 18 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
Lectures and tutorials. 2.1 Knee: Orthopedic Examination, Psychomotor Skills and GORP. Technique: Practical skills 2 x 3 hours practical sessions. Knee,: Orthopedic Examination, Psychomotor Skills and GORP	Resources and readings will be given via Reading List. Bergmann, T. Chiropractic Technique, Principles and Procedures, 3rd Edition (2010) pages 349- 364 Magee. D, Orthopedic Physical Assessment, 6th Edition (2014), Chapter 12 765-859 (Special Tests p. 834-852) Souza T. Differential Diagnosis and Management for the Chiropractor, Protocols and Algorithms, 5th Edition. 2016, pages 423-433 (knee complaints), 483- 495 (lower limb complaints)	

Week 3 Foot and Ankle - 25 Jul 2022

Module/Topic	Chapter	Events and Submissions/Topic
--------------	---------	------------------------------

Lectures and tutorials. 3.1 Foot and Ankle: Orthopedic Examination, Psychomotor Skills and GORP. Technique: Practical skills 2 X 3 hours practical sessions. Foot and Ankle: Orthopedic Examination, Psychomotor Skills and GORP.	Resources and readings will be given via Reading List. Bergmann, T. Chiropractic Technique, Principles and Procedures, 3rd Edition (2010) pages, 364- 377 Magee. D, Orthopedic Physical Assessment, 6th Edition (2014), p.888-955 (Special Tests p. 924-941) Souza T. Differential Diagnosis and Management for the Chiropractor, Protocols and Algorithms, 5th Edition. 2016, pages 497-510, 514-521 (foot and ankle complaints)	Portfolio Quiz due on Friday 29/7/2022 at 11:59 PM
--	--	--

Week 4 Chiropractic Assessment and Management for Degeneration of the Spine - 01 Aug 2022

Module/Topic	Chapter	Events and Submissions/Topic
Lectures and tutorials. 4.1 Chiropractic Assessment and Management for Degeneration of the Spine: Spondylolisthesis, Ankylosing Spondylitis, Osteoarthritis Practical Skills: 4.3 Orthopedic Examination, Psychomotor Skills, Cervical and Lumbar Spine Instability Tests Technique: Practical skills 2 X 3 hours practical sessions. On-campus activity	Resources and readings will be given via Reading List. Bergmann. T. Chiropractic Technique, Principles and Procedures, 3rd Edition (2010) pages 174-180, 142- 143, 211-213, 386- 388 Upper Cervical Spine Fig 5-82, Fig 5-85. Assessment Tasks**1 Portfolio Quizzes (20%)****Assessment Type**

Portfolio

Task Description

- There are four quizzes on Moodle in weeks 3, 5, 7, and 9 to help you prepare for your final written exam and beyond.
- The quizzes will be a mixture of multiple choice, True/False, matching and essay/ cases based on the material presented in the preceding weeks.
- These quizzes need to be taken in Moodle on the Friday that they are due. There will not be any make-up quizzes if not submitted on time without pre-approved written authorisation.

The quizzes will assist with review for the final assessment. The quiz will be based on the material presented in the term. It will involve any of multiple choice / true and false, matching and essay questions. It will be a 30 minute quiz. The quiz will be available during a 24 hour window. (0:01 until 23:59PM on the Friday)

Assessment Due Date

Week 9 Friday (16 Sept 2022) 11:45 pm AEST

Submission on the Friday night at 11:59PM on the Friday of weeks 3,5,7,9.

Return Date to Students

Week 11 Friday (30 Sept 2022)

Online Feedback

Weighting

20%

Minimum mark or grade

50%

Assessment Criteria

All weekly quizzes will be graded.

- Each quiz is worth five (5%) of your total grade (20% total). If a quiz is not submitted, you will receive a grade of zero (0). You need a score of 50% or better to pass this assessment piece. A score below 50% total for all 4 quizzes will result in an "F" (Fail). There are no make-ups for missed quizzes without prior written pre-approval.

Online on Moodle

Learning Outcomes Assessed

- Apply clinical reasoning skills to the selection and application of assessment and management procedures relevant to complex and multifaceted conditions seen in chiropractic practice
- Reflect on and discuss the behavioural expectations of a healthcare professional in multi-cultural Australia.

Graduate Attributes

- Communication
- Problem Solving
- Information Literacy
- Information Technology Competence
- Cross Cultural Competence
- Ethical practice
- Social Innovation

2 Final Written Test (30%)

Assessment Type

Written Assessment

Task Description

The End of Term test will take place in a computer lab under supervision of a staff member. The test will be delivered via Moodle and will involve a range of question types including multiple choice, true false, matching, short answer and essay/ cases. Quiz questions will assess the content delivered between weeks 1-12.

Assessment Due Date

- Ethical practice

4 On-Campus Activity (50%)

Assessment Type

On-campus Activity

Task Description**On-Campus Activity (50%)**

The assessment will entail a detailed assessment which will occur during weeks 4, 7 & 10. These on-campus activities must be completed during the tutorial. The assessment will take part during one of the two weekly tutorials to be determined by the tutors.

This assessment will entail assessing a condition studied during the term in detail and then demonstrating an adjustment/ manipulation studied at CQUniversity. The purpose of these on-campus activities is to provide ongoing feedback to students regarding their performance as it concerns the applying of their practical skills in a contextual nature helping to develop assessment and management procedures including critical thinking, physical diagnosis and adjustment/manipulation techniques.

Assessment Due Date

Week 10 Friday (23 Sept 2022) 11:45 pm AEST

The assessments will be upload together to Moodle for weeks 1-6 for a record of your work by the end of Week 6 Friday 28/8/2022 at 11:45PM and for weeks 7-10 by the end of Week 10 Friday 23/9//2022 at 11:45PM.

Return Date to Students

Week 12 Friday (7 Oct 2022)

Via Moodle

Weighting

50%

Minimum mark or grade

50

Assessment Criteria

Grading will be based on clinical reasoning and psychomotor skills in assessing the condition and also on the ability to adjust/manipulate a region that was studied during the term. There are a total of three (3) assessment pieces each graded at one-third of the total grade equalling 100%. This assessment cannot be made up at any other time unless a prearranged written extension has been granted.

Rubrics will be provided in Moodle for each assessment.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
