CHIR20003 *Clinical Practice 2*
Term 2 - 2025

Profile information current as at 22/11/2024 12:05 am

General Information

Overview

In Clinical Practice 2 you will continue to build on your clinical competency in preparation for your clinical internship. These competencies include clinical reasoning, clinical assessment, diagnosis and management skills. While on your second external placement, you will be expected to perform as a functional team member under guidance of the clinic supervisors. The external placement will provide you with the opportunity to reflect on chiropractic procedures, processes and documentation, building on the practical experience gained during the first placement in Clinical Practice 1.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback
Some students would like to see more practical rehab skills application introduced during the practical sessions.

Recommendation
It is recommended that the new lab space be used to increase practical rehab skills training.

Feedback from SUTE

Feedback
Students would like additional opportunities to practice their clinical skills.

Recommendation
It is recommended that students be provided with strategies for making the most of their practical lab time and encouraged to make use of the opportunities afforded to them to attend outreaches for expanding their clinical skill set.

Feedback from Verbal Feedback

Feedback
Some students would have appreciated additional feedback to help them improve their skills and knowledge.

Recommendation
It is recommended that the Unit Coordinator explore strategies for providing additional feedback.
