

COIS11011 *Foundations of Business Computing*

Term 3 - 2018

Profile information current as at 17/05/2022 03:11 pm

All details in this unit profile for COIS11011 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Information systems play an important role in today's fast-moving digital world. In order to survive, succeed and remain competitive, organisations are relying on innovation in data and information processing as well as understanding and applying new technologies. This unit outlines how information systems can be used in different domains to resolve challenging problems. This unit will help you understand how information systems can be effectively used in your future careers, with a key focus on the relationship between computer technology and business organisations. On completion of this unit, you should have a sound knowledge of the key concepts and terminology of computer hardware, software, data storage and communication. You will also learn report writing skills and idea formulation through this unit.

Details

Career Level: *Undergraduate*

Unit Level: *Level 1*

Credit Points: 6

Student Contribution Band: 8

Fraction of Full-Time Student Load: 0.125

Pre-requisites or Co-requisites

There are no requisites for this unit.

Important note: Students enrolled in a subsequent unit who failed their pre-requisite unit, should drop the subsequent unit before the census date or within 10 working days of Fail grade notification. Students who do not drop the unit in this timeframe cannot later drop the unit without academic and financial liability. See details in the [Assessment Policy and Procedure \(Higher Education Coursework\)](#).

Offerings For Term 3 - 2018

- Brisbane
- Distance
- Melbourne
- Sydney

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Undergraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Class Timetable

[Regional Campuses](#)

Bundaberg, Cairns, Emerald, Gladstone, Mackay, Rockhampton, Townsville

[Metropolitan Campuses](#)

Adelaide, Brisbane, Melbourne, Perth, Sydney

Assessment Overview

1. **Written Assessment**

Weighting: 20%

2. **Written Assessment**

Weighting: 30%

3. **Examination**

Weighting: 50%

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

- Grades and Results Policy
- Assessment Policy and Procedure (Higher Education Coursework)
- Review of Grade Procedure
- Student Academic Integrity Policy and Procedure
- Monitoring Academic Progress (MAP) Policy and Procedure – Domestic Students
- Monitoring Academic Progress (MAP) Policy and Procedure – International Students
- Student Refund and Credit Balance Policy and Procedure
- Student Feedback – Compliments and Complaints Policy and Procedure
- Information and Communications Technology Acceptable Use Policy and Procedure

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student feedback (unit evaluation).

Feedback

Excessive amount of questions for 1% (Assessment 2A) of the grade.

Recommendation

Number of questions reduced for Assessment 2A.

Feedback from Student evaluation (have your say)

Feedback

Students commended the current layout of the Moodle unit website and the resources provided e.g. recorded video lectures, weekly Zoom sessions and support.

Recommendation

Continue to run the unit with current style and format.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Explain basic information systems concepts in the context of business organisations
2. Demonstrate the impact of information systems on inter-organisational processes
3. Discuss human factors associated with the use of computerised information systems, including managerial, ethical and social considerations
4. Identify how information systems effect organisations and enable social innovation
5. Illustrate the acquisition and development of information systems
6. Develop report writing and communication skills in expressing and exchanging ideas, views and arguments using charts, graphs and presentation software.

Australian Computer Society (ACS) recognises the Skills Framework for the Information Age (SFIA). SFIA is in use in over 100 countries and provides a widely used and consistent definition of ICT skills. SFIA is increasingly being used when developing job descriptions and role profiles.

ACS members can use the tool MySFIA to build a skills profile at

<https://www.acs.org.au/professionalrecognition/mysfia-b2c.html>

This unit contributes to the following workplace skills as defined by SFIA. The SFIA code is included:

- Analytics (INAN)
- Business Analysis (BUAN)
- Data Analysis (DTAN)
- Problem Management (PBMG)

Alignment of Learning Outcomes, Assessment and Graduate Attributes

Alignment of Assessment Tasks to Learning Outcomes

Textbooks and Resources

Textbooks

COIS11011

Prescribed

Information Systems Today: Managing the Digital World

Global Edition (8e) (2017)

Authors: Joseph Valacich, Christoph Schneider

Pearson Higher Ed USA

New York , New York , United States of America

ISBN: ISBN-10: 1292215976 • ISBN-13: 9781292215976

Binding: Paperback

Additional Textbook Information

Students can purchase the e-text via this link:

<http://www.wileydirect.com.au/buy/management-information-systems-1st-australian-edition/> for \$70. The benefits of the e-text are as follows:

1. Lifetime access
2. 24 hour access to your textbook online and offline
3. Use on iPad, tablet, computer or smartphone
4. Search, highlight and take notes

However, if you still prefer a paper text, copies will still be available at the CQUni Bookshop [here](#).

[View textbooks at the CQUniversity Bookshop](#)

IT Resources

You will need access to the following IT resources:

- CQUniversity Student Email
- Internet
- Unit Website (Moodle)
- Office software (e.g. Microsoft Office, Open Office, etc)

Referencing Style

All submissions for this unit must use the referencing style: [Harvard \(author-date\)](#)

For further information, see the Assessment Tasks.

Schedule

Week 1 - 05 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Managing in the Digital World	1	

Week 2 - 12 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Gaining Competitive Advantage Through Information Systems	2	

Week 3 - 19 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Managing the Information Systems Infrastructure and Services	3	

Week 4 - 26 Nov 2018

Module/Topic	Chapter	Events and Submissions/Topic
Enabling Business-to-Consumer Electronic Commerce	4	

Vacation Week - 03 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic

Week 5 - 10 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Enhancing Organizational Communication and Collaboration Using Social Media	5	

Week 6 - 17 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Enhancing Business Intelligence Using Big Data and Analytics	6	Assessment 1 - Developing Computing and Business Skills Due: Week 6 Thursday (20 Dec 2018) 11:45 pm AEST

Week 7 - 31 Dec 2018

Module/Topic	Chapter	Events and Submissions/Topic
Enhancing Business Processes Using Enterprise Information Systems	7	

Week 8 - 07 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Strengthening Business-to-Business Relationships via Supply Chain and Customer Relationship Management	8	

Week 9 - 14 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Developing and Acquiring Information Systems	9	

Week 10 - 21 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Securing Information Systems	10	Assessment 2 - Survey of IS Theory Due: Week 10 Thursday (24 Jan 2019) 11:45 pm AEST

Week 11 - 28 Jan 2019

Module/Topic	Chapter	Events and Submissions/Topic
Foundations of Information Systems Infrastructure	Technology Briefing (TB)	

Week 12 - 04 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic
Unit Review	No New Topics	

Exam Week - 11 Feb 2019

Module/Topic	Chapter	Events and Submissions/Topic

Assessment Tasks

1 Assessment 1 - Developing Computing and Business Skills

Assessment Type

Written Assessment

Task Description

In this assignment, you will carry out analysis of a given case study. This will be done using MS-Excel and through these exercises you will learn the following skills:

- How to use a spreadsheet with multiple sheets
- How to link data in multiple sheets
- How to use various in-built formulae/functions
- How to organise data in a sheet
- How to generate graphs from MS-Excel data sets

You will also learn to use MS-Word and/or MS-PowerPoint as a tool for organising and presenting your ideas in a coherent manner.

This assignment will be submitted online through Moodle unit website.

The full specification for this assessment and the marking criteria are available on Moodle unit website.

Assessment Due Date

Week 6 Thursday (20 Dec 2018) 11:45 pm AEST

Return Date to Students

Week 8 Thursday (10 Jan 2019)

Within 2 weeks of the due date or within 2 weeks of submission (whichever is the later)

Weighting

20%

Assessment Criteria

Assessment 1 marking criteria is accessible on Moodle unit website which will include details information on how it will be assessed.

Referencing Style

- [Harvard \(author-date\)](#)

Submission

Online

Submission Instructions

Submit by clicking appropriate assessment submission link on Moodle unit website.

Learning Outcomes Assessed

- Illustrate the acquisition and development of information systems
- Develop report writing and communication skills in expressing and exchanging ideas, views and arguments using charts, graphs and presentation software.

Graduate Attributes

- Communication
- Problem Solving
- Critical Thinking
- Information Literacy

- Information Technology Competence

2 Assessment 2 - Survey of IS Theory

Assessment Type

Written Assessment

Task Description

In this assessment, you will survey a number of selected topics in Information Systems many of which are emerging trends in the field. This survey will entail studying the selected topics from the prescribed textbook, carrying out further research on these topics and then presenting the results of your survey.

Documentation of your survey findings will be done in MS-Word. In this exercise you will learn to:

- Use MS-Word as a tool for structuring and presenting your ideas in a coherent manner
- Use MS-Word styles and templates to structure your essay
- Carry out research on a topic, interpreting and presenting your findings
- Reference the sources of information you have researched (Harvard author-date style)

This assignment will be submitted online through Moodle unit website.

The full specification for this assessment and the marking criteria are available on Moodle unit website.

Assessment Due Date

Week 10 Thursday (24 Jan 2019) 11:45 pm AEST

Return Date to Students

Week 12 Thursday (7 Feb 2019)

Within 2 weeks of the due date or within 2 weeks of submission (whichever is the later)

Weighting

30%

Assessment Criteria

Assessment 2 marking criteria is accessible on Moodle unit website which will include details information on how it will be assessed.

Referencing Style

- [Harvard \(author-date\)](#)

Submission

Online

Submission Instructions

Submit by clicking appropriate assignment submission link on Moodle unit website.

Learning Outcomes Assessed

- Explain basic information systems concepts in the context of business organisations
- Demonstrate the impact of information systems on inter-organisational processes
- Discuss human factors associated with the use of computerised information systems, including managerial, ethical and social considerations
- Identify how information systems effect organisations and enable social innovation
- Develop report writing and communication skills in expressing and exchanging ideas, views and arguments using charts, graphs and presentation software.

Graduate Attributes

- Communication
- Critical Thinking
- Information Literacy
- Information Technology Competence
- Ethical practice
- Social Innovation

Examination

Outline

Complete an invigilated examination

Date

During the examination period, at a CQUniversity examination centre

Weighting

50%

Length

180 minutes

Minimum mark or grade

40% of the total weight of the examination paper.

Details

Dictionary - non-electronic, concise, direct translation only (dictionary must not contain any notes or comments).
Closed Book

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
