All details in this unit profile for COIT13238 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In your industry placement, you will have a paid, supervised experience of work in the Information Technology. You will apply knowledge and skill developed in your academic units to this work environment. In addition to the work undertaken during placement, you are required to maintain a diary of the experiences, and to reflect upon those experiences to identify strengths and weaknesses for improvement and new learning. Your industry supervisors will also provide you with feedback to assist this reflective process.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Assessment Tasks

1 Placement Portfolio

Assessment Type

Written Assessment

Task Description

Details

The Placement Portfolio consists of three main elements:

- · a daily diary entry
- two reflective reports
- · one placement report

Diary

The Diary is a document consisting of daily entries - templates will be provided on the unit web site. The Diary entries must be submitted according to the following schedule:

- end of Placement Week 1
- end of Placement Week 3
- end of Placement Week 7
- end of Placement Week 12

Feedback will be provided on all submissions. The completed Placement Diary will form an attachment to the Placement Report

Daily entries are to consist of notes capturing significant activities and events that occurred during the day, and any reflections on those activities and events that demonstrate personal development identified as unit objectives. They will take the following form:

- date
- notes on significant activities and events
- reflections

Reflective reports

Reflective reports will be completed at the end of Placement Week 5 and Placement Week 10. Reflective Reports are designed to consolidate and summarise reflections that demonstrate personal development that has occurred in preceding weeks - a template will be provided.

Reflective Reports should consist of between 1000 to 2000 words. The document will consist of two parts:

- 1. significant activities and events
- 2. personal reflections on the activities and events

The reflective part of the document should consist of a minimum of 500 words, and should report on any insights gained into:

- the relevance of academic knowledge in the workplace
- the value of skills developed through academic study
- the importance of good communication skills in the workplace
- the relevance of legal and ethical issues
- the role of teams in the workplace
- learning styles that work for me
- areas of strength and weakness in my knowledge base
- areas of IT about which you would like to learn more

- aspects of IT work that have particular appeal to me
- aspects of IT work that do not appeal to me

Placement Report

The Placement Report is a document that provides an overview of the whole industry placement experience. The report is designed to provide

- an instrument of reflection for you,
- an instrument of assessment for the Academic Supervisor, and
- a document for a prospective employer to quickly assess the placement undertaken by the applicant.

A template is provided on the unit web site for the Placement Report. Major sections within the report are listed below:

- Overview
- Placement Procurement and Orientation:
- Significant Activities and Events
- Summary Reflections
- Attachments
- Placement Artefacts.

The **Overview** section provides a brief summary of the placement undertaken by you and describes the following sections of the report. The **Placement Procurement and Orientation** section provides a brief description of the process that led up to you securing the placement. It also describes the orientation undertaken by you on starting the placement. You will be asked to provide reflections on all processes involved. Feedback gained will be used for continual improvement of the Industry Placement unit. The **Significant Activities and Events** section will summarise activities and events reported in the two Reflective Reports and report on additional activities and events from the last weeks of the placement. The **Summary Reflections** section will provide additional insights based on your reports and diaries, combined with insights gained in the last weeks of the placement. The **Attachments** section will include a collection of items that serve to illustrate the tasks undertaken throughout the placement. **Placement Artifacts** should be numbered, and explanatory references provided in the section Significant Activities and Events

Students are entitled to submit a draft copy of their Placement Report. The timing of this submission would normally occur in Placement Week 10 or Placement Week 11, or at a time that is mutually convenient for the student and the Academic Supervisor.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the **Student Academic Integrity Policy and Procedure**. This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the <u>Academic Learning Centre (ALC)</u> can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
