COIT13238 *Industry Work Placement*

Term 2 - 2024

Profile information current as at 14/05/2024 07:21 am

All details in this unit profile for COIT13238 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

Industry Work Placement provides you with an opportunity to reflect on the Information and Communications Technology course through a paid, supervised Work Integrated Learning (WIL) experience. You will apply the knowledge and skills that you have gained in your academic units to this work environment. You will practise your soft skills such as teamwork and communication skills in an authentic work environment. You will reflect on your strength and weaknesses in knowledge and skills, related both to your discipline and workplace experience for future improvement. You will evaluate how your university studies prepared you for the industry. Your industry supervisors will also provide you with feedback to assist this reflective process.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student Feedback, Self Reflection

Feedback

Students enjoyed their placements, as this presented them with a great learning opportunity.

Recommendation

Student learning can be enhanced by being in regular touch with the Unit Coordinator to gain guidance on any workplace issues faced during placements

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Apply ICT knowledge and skills in an authentic work environment
2. Practise soft skills such as teamwork and communication skills in an authentic work environment
3. Evaluate how your university studies prepared you for a job in the industry
4. Critically reflect on strengths and weaknesses in knowledge and skills, related both to your discipline and workplace experience.

The Australian Computer Society (ACS) recognises the Skills Framework for the Information Age (SFIA). SFIA is adopted by organisations, governments and individuals in many countries and provides a widely used and consistent definition of ICT skills. SFIA is increasingly being used when developing job descriptions and role profiles. ACS members can use the tool [MySFIA](#) to build a skills profile.

This unit contributes to the following workplace skills as defined by [SFIA 8](#) (the SFIA code is included):

- Specialist advice (TECH)
- Technology service management (ITMG)
- Methods and tools (METL)
- Application support (ASUP)
- Problem management (PBMG)
- Learning and development management (ETMG)
- Professional development (PDSV)
