

COIT20252 *Business Process Management*

Term 1 - 2023

Profile information current as at 23/04/2024 06:00 pm

All details in this unit profile for COIT20252 have been officially approved by CQUniversity and represent a learning partnership between the University and you (our student). The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

General Information

Overview

In an increasingly complex and volatile business environment, efficient business processes are core to an organisation and its business partners in order to accomplish organisational goals. Managing business processes is vital to the designing and managing of organisations. This unit introduces you to the concepts of Business Process Management (BPM) and workflow within organisations. More specifically, this unit outlines concepts, methodologies and phases of BPM, with applicability to a wide range of domains. During the term, you are required to apply techniques to assess and recommend organisational processes. In addition, you will evaluate current business processes and propose improvements that align with organisational strategy. This unit provides you with the skills required to develop a report that: defines and models streamlined business processes; recommends improvements and sustainable practices; and identifies potential organisational change issues.

Attendance Requirements

All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website

[This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.](#)

Class and Assessment Overview

Recommended Student Time Commitment

Each 6-credit Postgraduate unit at CQUniversity requires an overall time commitment of an average of 12.5 hours of study per week, making a total of 150 hours for the unit.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

CQUniversity Policies

All University policies are available on the [CQUniversity Policy site](#).

You may wish to view these policies:

This list is not an exhaustive list of all University policies. The full list of University policies are available on the [CQUniversity Policy site](#).

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Students via end-of-term evaluations

Feedback

High satisfaction with the learning and teaching activities of this unit.

Recommendation

Nurture the current learning and teaching practices.

Feedback from Unit coordinator self-reflection and students' verbal feedback

Feedback

The number of ePortfolios could be reduced.

Recommendation

Condense the ePortfolio assessment.

Feedback from Unit coordinator self-reflection

Feedback

Provide an assessment post-grading summary of strengths and weaknesses.

Recommendation

In addition to the individualised feedback in students' marked assignments, provide generic feedback on assessment grading via Moodle.

Unit Learning Outcomes

On successful completion of this unit, you will be able to:

1. Define and describe the core concepts of business process management in organisations
2. Distinguish between various methods, tools and techniques used for process identification, modelling and redesign
3. Apply appropriate techniques to model and interpret existing 'as-is' against possible 'to-be' process scenarios
4. Identify and evaluate organisational change issues that may arise owing to implementing new business processes and propose solutions
5. Demonstrate team work and communication skills through case study analysis and presentation.

The Australian Computer Society (ACS) recognises the Skills Framework for the Information Age (SFIA). SFIA is in use in over 100 countries and provides a widely used and consistent definition of ICT skills. SFIA is increasingly being used when developing job descriptions and role profiles. ACS members can use the tool MySFIA to build a skills profile at <https://www.acs.org.au/professionalrecognition/mysfia-b2c.html>

This unit contributes to the following workplace skills as defined by SFIA (codes included):

- Information Analysis (INAN)
- Business Analysis (BUAN)
- Research (RSCH)
- Business Process Improvement (BPRE)
- Requirements Definition and Management (REQM)
- Business Modelling (BSMO)
- Change Management (CHMG)
- Technical Specialism (TECH)
- Stakeholder Relationship Management (RLMT)
- Business Risk Management (BURM)

Assessment Tasks

1 E-Portfolio

Assessment Type

Portfolio

Task Description

This is an individual assessment. The purpose of this assessment is for you to develop a portfolio demonstrating your learned knowledge in the discipline of business process management. An e-portfolio is a learning tool that enables students to accumulate evidence of learning achievement. In this unit, Portfolium will be used as the learning tool. Please refer to the Moodle unit website for instructions on how to develop a Portfolium portfolio.

Your portfolio should capture rich ideas, resources and innovative practices around business process management within the frame of the topics identified in the *E-portfolio Assessment Details* document in Moodle. Please refer to the unit's Moodle website for a detailed description of the task and the due dates for the e-portfolios.

Assessment Due Date

11 pm Friday of the relevant week

Return Date to Students

Within two weeks of submission

Weighting

30%

Assessment Criteria

Your e-portfolio will be assessed on the demonstration of knowledge and understanding of the topic as depicted through the choice of relevant items, technical literacy, justification outlining summary and reasoning for the choice of items, communication and information literacy skills, and the use of correct referencing.

Please refer to the Moodle unit website for specific marking criteria for this assessment.

If your work is found to be copied from another source and done by someone else, plagiarism penalties will be applied as per the University's policy. Therefore, it is in your best interest to do your own work.

2 Presentation

Assessment Type

Presentation

Task Description

In this assessment item, you are required (as a group with three to four members) to design and deliver an oral presentation around a relevant topic of your choice but within the constraints of the Business Process Management (BPM) domain. In the presentation, you are required to demonstrate an understanding of the chosen topic (with critical context) and most importantly demonstrate your presentation skills. Please refer to the unit's Moodle website for a detailed description of the task.

Assessment Due Date

During weeks 6 to 9

Return Date to Students

Within two weeks of the presentation

Weighting

20%

Assessment Criteria

Your presentation will be assessed according to the degree to which you demonstrate your capability in the following areas:

1. Visual Appeal
2. Presenter Dynamics and Comprehension
3. Presentation Skills
4. Content and Coverage
5. Presentation Structure/Organisation

Please refer to the Moodle unit website for specific marking criteria for this assessment.

If your work is found to be copied from another source or done by someone else, plagiarism penalties will be applied as per the University's policy. Therefore, it is in your best interest to do your own work.

3 Case Study Report

Assessment Type

Written Assessment

Task Description

You are required (as a group with three to four members) to write a report based on a given case study. In this report,

you are required to analyse current processes, identify shortcomings and propose improvements related to the case study by analysing wider literature in the discipline. You need to demonstrate your analytical skills to evaluate the processes and utilise your communication skills to convey the findings clearly. Please refer to the Moodle unit website for more details about this term's case study.

Assessment Due Date

Week 12 Friday (2 June 2023) 11:00 pm AEST

Return Date to Students

On the day of Certification of Grades

Weighting

50%

Assessment Criteria

Your report will be assessed on your understanding of the content with rational arguments based on critical evaluation, your demonstrated capability in the selection and use of scholarly publications, and a combination of your communication, presentation and referencing skills. Please refer to the Moodle unit website for specific marking criteria for this assessment.

If your work is found to be copied from another source or done by someone else, plagiarism penalties will be applied as per the University's policy. Therefore, it is in your best interest to do your own work.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
