Assessment Tasks

1 Internship Assessments and Presentation

Assessment Type

Written Assessment

Task Description

All assessments in this unit are PASS/FAIL.

This assessment consists of four components: an overview of your host organisation and a description of your tasks, a presentation based on your learning journey, a reflective internship report and feedback from the host organisation. None of the assessments in this unit have an explicit word length and you are to use your judgment when completing the assessments.

1 - Overview of Host Organisation (report format)

- This assessment requires you to submit an overview of your host organisation, what industry they operate in, who you report to while there and a detailed description of the tasks you will undertake. The following report layout will assist you in developing your report.
- Executive summary
- Table of contents
- Introduction to the internship organisation
- Detailed description of the tasks to be undertaken
- Summary
- Reference list
- Appendices (as appropriate)

2 - Presentation

- This assessment requires that you give a presentation about your learning experiences while at the host organisation. The format of time allowed to each student is: 10 minutes presentation, 5 minutes Q&A, 5 minutes handover to next presenter (Total 20 minutes allocated to each student.)
- Closer to the time of your presentation, the unit coordinator will organise with you the time slot for your presentation. (Note: The presentation date will be determined by availability of appropriate rooms on each campus during Week 11)
- You should base your presentation on aspects of your learning journey while at the host organisation and these should be discussed in more depth in your reflective internship report.
- Preparation and consistency of the presentation
- Set up and use of visual aids
- Timing of presentation, including Q&A
- Presented content is relevant to the internship
- Content is clear and concise

Presentation manner

- Professional dress
- Content is well explained

- Response to questions during Q&A

3 - Reflective Internship Report

- This assessment requires that you write a final report on your placement with your host organisation and reflect on your learning journey at your host organisation. As mentioned earlier there is no explicit word length requirements but you must submit a report that allows your marker to fully understand what you learned and how this helped you to carry out your tasks. You should reflect on how the internship has assisted you in identifying and filling any knowledge gaps you may have felt you possessed. I do not believe you can give enough detail for your assessment in one page, nor should you need 20 pages. Exercise your judgment to state what you need to and discuss it in enough detail so that we understand what you have achieved and did during your internship.
- Along with the final report you are required to download your Mahara e-Portfolio in PDF and submit your work in Moodle. This PDF copy of your Mahara ePortfolio is one of the parts of your 'Reflective Internship Report' You are further required to include your Mahara Secret URL with your uploaded work. No other type of upload will be accepted.

Your report should consist of the following:

- Executive summary
- Table of contents
- Introduction
- Placement procurement and orientation
- Description of tasks performed
- Significant activities, events and reflections
- Perceived strategic alignment of your tasks to organisational strategy
- Reflections on your learning journey
- Conclusions
- Reference list
- Appendices (as appropriate)

4 - Feedback from Host Organisation

- This assessment is based on the feedback from your host organisation. You do not need to submit this assessment.
- The unit coordinator will upload the feedback to Moodle.

Assessment Due Date

Separate items as per schedule.

Return Date to Students

Items 1 and 2 - within two weeks of submission. Items 3 and 4 on 2nd November 2018 (Grade Certification day).

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
