Assessment Tasks

1 Internship Assessments and Presentation

Assessment Type

Written Assessment

Task Description

All assessments in this unit are PASS/FAIL. However, the marking criteria does contain marks so that you can evaluate your performance throughout this unit.

Upload formats are: MS Word, MS PowerPoint or PDF. Please see Moodle site for details.

Zipped files will receive ZERO marks. Images, such as text documents, pasted into your assessment is not acceptable and will receive ZERO marks. For example an image of your portfolio pasted into your final report, instead of printing to PDF as instructed is not acceptable.

This assessment consists of four components: an overview of your host organisation and a description of your tasks, a presentation based on your learning journey, a reflective internship report (including ePortfolio) and feedback from the host organisation. **None of the assessments in this unit have an explicit word length and you are to use your judgment when completing the assessments.** You will not achieve a passing grade in minimal information, nor should you require hundreds of pages.

1 - Overview of Host Organisation (report format) - due Friday Week 4 - 7th August 2020 6pm and returned within 2 weeks. Zipped files or pasted images will receive ZERO marks.

- This assessment requires you to submit an overview of your host organisation, what industry they operate in, who you report to while there and a detailed description of the tasks you will undertake. The following report layout will assist you in developing your report.
- Executive summary

- Table of contents
- Introduction to the host organisation
- Reporting structure - who do you report to and who is on your team.
- Detailed description of the tasks to be undertaken
- Summary
- Reference list
- Appendices (as appropriate)

(Please note: Zipped files or pasted images will receive ZERO marks.)

**2 - Presentation due Week 11 as per Presentation Choices and opened for selection in Week 9.
Documentation due 2nd October 2020 6pm and returned within 2 weeks.**

- This assessment requires that you give a presentation about your learning experiences while at the host organisation. The format of time allowed to each student is: 10 minutes presentation, 5 minutes Q&A, 5 minutes handover to next presenter, with a total of 20 minutes allocated to each student.
- Closer to the time of your presentation, the unit coordinator will organise with you the time slot for your presentation. (Note: The presentation date will be determined by availability of appropriate rooms on each campus during Week 11)
- You should base your presentation on aspects of your learning journey while at the host organisation and these should be discussed in more depth in your reflective internship report.
- In your introduction to yourself at the start of your presentation, please state which major or minor you studied.

Presentation

- Preparation and consistency of the presentation
- Timing of presentation, including Q&A
- Presented content is relevant to the internship
- Content is clear and concise

Presentation manner

- Professional dress
- Content is well explained
- Response to questions during Q&A

(Please note: Zipped files or pasted images will receive ZERO marks.)

3 - Reflective Internship Report due Friday 16th October 2020 6pm and returned on certification day July 2020.

Please note there are TWO parts to this assessment.

- **Part A** - This assessment requires that you write a final report on your placement with your host organisation and reflect on your learning experiences at your host organisation. As mentioned earlier there is no explicit word length requirements but you must submit a report that allows your marker to fully understand what you learned and how this helped you to carry out your tasks. I do not believe you can give enough detail for your assessment in one page, nor should you need 20 pages. Exercise your judgment to state what you need to and discuss it in enough detail so that we understand what you have achieved and did during your internship.
- **Zipped files or pasted images will receive ZERO marks.**

Part A - Your report should consist of the following:

- Executive summary
- Table of contents (generated by Word)
- Introduction
- Reporting structure including a responsibility matrix (RACI chart)
- Significant activities and events throughout your internship
- Detailed description of tasks performed, including any additional tasks assigned after the Host Overview report submitted earlier in the term.
- Any changes to the organisation based on your tasks undertaken
- Perceived strategic alignment of your tasks to organisational strategy
- Summary of your detailed reflections contained in your ePortfolio
- Conclusions
- Reference list

(Please note: Zipped files or pasted images will receive ZERO marks.)

Part B - ePortfolio

Part B - The second part of this assessment is your reflective ePortfolio created in Portfolium..You should reflect on how the internship has assisted you in identifying and filling any knowledge gaps you may have felt you possessed. You are required to print your ePortfolio to PDF and include as an appendix to your 'Reflective Internship Report'. Make sure that you include access to your ePortfolio with your uploaded work. If your marker can not see your portfolio online you may receive ZERO marks. Included in your ePortfolio should be:

- The process of gaining a placement, job interviews and orientation
- A weekly discussion of the tasks you undertake with your host, and should consist of your daily tasks, your reflection on how these tasks assisted you to learn, and how you intend to fill any knowledge and skill gaps you identify through your reflection.
- A review of available jobs on <https://www.seek.com.au/> that match your skills gained at the Host Organisation and your Resume developed to apply for one of the jobs you identified.
- Note: you should include the jobs found in your weekly reflections and discuss why you thought the job suitable.

(Please note: Zipped files or pasted images will receive ZERO marks.)

4 - Feedback from Host Organisation host organisational feedback will be posted and released to you on certification day 6th November 2020.

- This assessment is based on the feedback from your host organisation throughout the term. **You do not need to submit this assessment.**
- The unit coordinator will upload the feedback to Moodle.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
