Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Student evaluations

Feedback

Students appreciated the range and variety of assessment items.

Recommendation

The unit is core in a number of courses in term 1 with the main cohorts being professional communication, digital media and creative arts. Other cohorts include business, property and aviation. Given the number of cohorts and their varying abilities and interests, it is recommended to maintain a range and variety of assessment items to help engage these cohorts.

Feedback from Student evaluations

Feedback

Students appreciated the support given by unit coordinators. They appreciated having two coordinators in a large unit.

Recommendation

The unit has large numbers and is core in a number of courses. It is recommended that having two coordinators be maintained in order to give the different cohorts the support and help they need to succeed in the unit.

Feedback from Student evaluations

Feedback

Some students expressed concerns about the group work assessment.

Recommendation

The benefits of group work assessment outweigh the concerns. In fact, some students stated they enjoyed the group assessment. It is recommended that the group work assessment remains.

Feedback from Coordinators, teaching staff and student feedback.

Feedback

In term 2, 2018 a change of unit proposal was submitted based upon a clearer understanding of teaching and coordination responsibilities for such a large cohort in both terms 1 and 2.

Recommendation

It is recommended to reduce three large assessment items to two key assignments and an ongoing engagement activity. This will ensure good support for students as well as a manageable marking load for teaching staff.

3 Group Blog

Assessment Type

Group Work

Task Description

Group Blog: three blogposts per group member @ 350 words each (total approx. 3,000 words) (40 marks)

In groups of three, set up and design a free WordPress blog (<https://signup.wordpress.com/signup/>). Choose a professional name or title for the blog - do not use the unit name or code in the title. You will need to decide the blog's design between you.

Once the blog has been created, each group member must select three of the following nine tasks. When the selection has been made, the individual member will write a 350-word blogpost for each of the three chosen tasks. You will need to include your name (byline) with each of your blogposts. Each blogpost should also be given a title.

Task 1: Record a current affairs news report from the television/online on your mobile phone. Write an analysis of the report in 350 words, with reference to its ethical behaviour. Upload a link to your recording in the blogpost.

Task 2: Consider a recent advertisement you have seen in the last three months. Discuss the ways in which its key message(s) were communicated (e.g. tone, language, sender, non-verbal, etc.).

Task 3: Create a 3-slide PowerPoint with voiceover, discussing the latest development in digital music sharing in relation to your area of study. Include this PowerPoint in your blogpost along with the text of your voiceover (max. 350 words).

Task 4: Cenere, Gill, Lawson, and Lewis (2015) state that "as workplaces become more diverse, you have the opportunity of working with a variety of people who come from different cultures" (p. 170). Discuss the importance of understanding intercultural communication when working in team environments.

Task 5: Go here: <https://ecoprojectsaustralia.com.au/about/>. Examine the functionality of this webpage. Discuss how it could be improved for its audience.

Task 6: Go to your local council's website. Discuss how it shares information with reference to 'noise'.

Task 7: Select one of the Week 10 activities in this unit. Discuss its usefulness in understanding your own communication style.

Task 8: Using your mobile phone, capture two images of business logos. Discuss the importance of corporate logos using your two images as examples.

Task 9: Listen to this interview:

<https://www.abc.net.au/radio/programs/pm/hobart-uni-students-facing-eviction-due-to-housing-shortage/10608356>.

Create a sound file in which you discuss radio as an effective channel of communication. Include the sound file link in your blogpost, along with the transcript of your discussion.

In addition, your group should coordinate your activities so that each group member is able to complete one of these tasks:

Media: Video (Task 1)

Media: PowerPoint with voiceover (Task 3)

Media: Audio (Task 9)

Interest and focus should be added to each blogpost by including different types of media (e.g. written text, hyperlinks, photographs, diagrams, audio, gifs, videos etc.). Remember that all external media used must be attributed (referenced).

It is recommended that group members proofread, review and offer feedback on each other's blogposts in order to achieve a higher overall mark for the assignment.

Include an APA reference list at the bottom of each post of sources you have used in that post, including audio and

visual credits.

On-campus students will be put into groups by their Tutor.

Distance students will be put into groups by the Unit Coordinators. Distance students should maintain regular contact with the Moodle unit website and with your group members through Zoom, email and/or phone.

Note: Further specifications of the group work component and assignment requirements are detailed on Moodle. A detailed marking criteria sheet is also provided on the Moodle unit website. Please review all assessment information before beginning this assignment.

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
