## Previous Student Feedback

### Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

#### Feedback from Student evaluations

##### **Feedback**

Assessment need to be a little clearer

##### **Recommendation**

We will provide more resources and more structured guidance to how to go about study and what the expectations are each week.

#### Feedback from Student evaluations

##### **Feedback**

Some students reported they would prefer a text book

##### **Recommendation**

Although some students indicate they would like a text book, many cannot afford a textbook. We will set an optional textbook for additional reading plus develop the second iteration of the study guides to fill some more of the knowledge and skills that students require.

#### Feedback from Student evaluations

##### **Feedback**

Some students reported they would like more feedback

##### **Recommendation**

Students are encouraged to attend tutorials which have the primary purpose of giving feedback each week. Weekly learning diary tasks and a quiz provide early opportunities for feedback. All markers that assist with marking on this unit are required to attend a markers meeting prior to commencing marking. This meeting provides markers the information they need to provide feedback to students so that the comments provided to students is consistent. If markers cannot attend the meeting it is expected they will watch the recording prior to commencing their allocated marking. Additionally the unit coordinator will go in and check the markers comments for comments and in marking as they move through their allocated marking in grade mark.

#### Feedback from Student evaluations

##### **Feedback**

Some students reported they enjoyed having guest lectures which they found these lectures engaging and it expanded their critical thinking and reflection on the unit topics.

##### **Recommendation**

We will continue to engage with the relevant stakeholders to bring our students real life experiences and knowledge

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
