General Information

Overview

In this unit, you will explore cognitive and sensory impairments in and on the lives of the older person. You will apply the principles of advanced nursing knowledge, law, ethics, and professional attributes in the provision of best practice nursing care for the older person with cognitive and/or sensory impairment. You will apply and justify nursing clinical decision-making in the assessment, planning, implementation and evaluation of nurse-led and collaborative care that aims to maintain or enhance the cognitive and sensory capabilities of the older adult.

Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.
