General Information

Overview

Digital media has dramatically affected and expanded the ways in which we communicate. This course provides a theoretical and applied understanding of digital communications, including web, social and mobile technologies. You will evaluate a range of digital communication platforms and strategies, and critically examine key social, economic, ethical and regulatory issues. Through a combination of theory and practice, you will develop essential skills for communicators in the digital age, and identify emerging trends and innovations.

Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE

Feedback

Between weeks 6 and 9, there were two assessments being worked on simultaneously. Can the time burden of this be reviewed?

Recommendation

Review the assessable tasks in weeks 6 - 9 to check the time expected commitment.
