Previous Student Feedback

Feedback, Recommendations and Responses

Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from Unit evaluation

Feedback

Clarification and assistance was provided to everyone through the forums regularly. The information provided assisted in making the subject easier to follow and complete the required work.

Recommendation

We'll continue to support and encourage students throughout the term through online interaction in tutorials and discussion forums.

Feedback from Unit evaluation

Feedback

The Moodle site could be made easier to navigate.

Recommendation

As the new tile system was only introduced for the first time this year it was predicted that some students may find it difficult to navigate. Every effort will be put into modifying the Moodle site and supporting the students through the most efficient use of the site.

Feedback from Unit evaluation

Feedback

Greater alignment between the assessment and subject matter.

Recommendation

With the next iteration of the unit the teaching materials will be expanded upon and more case studies introduced to clarify the alignment of the teaching materials with the assessment tasks.
