ECHO13008 *Advanced Cardiac Assessment Skills*
Term 1 - 2025

Profile information current as at 15/11/2024 04:11 pm

General Information

Overview
In this unit you will compare and contrast the methodology and outcomes of several advanced echocardiographic and cardiac catheterisation procedures and alternative cardiac testing modalities including MRI, CT and Nuclear medicine. You will apply this knowledge to a variety of common cardiovascular pathologies frequently first assessed with echocardiography, within the setting of best practice and patient safety. You will evaluate a variety of cardiac assessment data, formulating differential diagnoses and management strategies.

- Online

Attendance Requirements
All on-campus students are expected to attend scheduled classes – in some units, these classes are identified as a mandatory (pass/fail) component and attendance is compulsory. International students, on a student visa, must maintain a full time study load and meet both attendance and academic progress requirements in each study period (satisfactory attendance for International students is defined as maintaining at least an 80% attendance record).

Website
This unit has a website, within the Moodle system, which is available two weeks before the start of term. It is important that you visit your Moodle site throughout the term. Please visit Moodle for more information.

Previous Student Feedback

Feedback, Recommendations and Responses
Every unit is reviewed for enhancement each year. At the most recent review, the following staff and student feedback items were identified and recommendations were made.

Feedback from SUTE Data

Feedback
Students raised concerns about the marking criteria for some online quiz questions, where multiple responses were required for a single mark allocation.

Recommendation
The online quiz marking criteria will be reviewed to ensure consistent practice, and that the mark allocation reflects question response requirements and complexity.

Feedback from SUTE Data

Feedback
Students reported frustration with the group work assessment task, with most of their resentment focused on the cross-campus collaboration requirements.

Recommendation
The rationale for including group work and cross-campus collaboration will be thoroughly explained and discussed in the next unit offering. This will help students understand the importance of the task and its relevance to their professional careers.

Feedback from SUTE Data

Feedback
Students reported the time duration allocated for the online quiz as being too short.

Recommendation
The length of time allocated for completion of the online quiz will be reviewed.
