General Information

Overview

In *The Arts*, students will be introduced to curriculum frameworks and a range of pedagogical approaches for teaching and using the five different discipline areas of the arts in educational contexts. They gain personal practical experience in using the different symbol systems and ways of understanding and representing the world that the Arts provide and build their understanding of how arts practice relates to the formation and expression of social values, beliefs and identity. They evaluate their own experiences and practice throughout the unit to develop understanding of the skills, techniques and classroom strategies appropriate for teaching *The Arts* in discipline specific, interrelated and integrated ways and to build appreciation for ways in which *The Arts* provide engaging learning experiences which promote creativity, communication, social and cultural knowledge and innovation.

Assessment Tasks

1 DEVELOPING A PERSONAL NARRATIVE: Be(com)ing a teacher of the Arts

Assessment Type

Practical and Written Assessment

Task Description

It is essential to develop and apply an understanding of foundational arts knowledge and skills in the Arts discipline areas from the Australian Curriculum to become a confident teacher of the Arts. To support your understanding of the processes that are involved in each of the Arts disciplines, you are required to personally experience making and responding in the Arts, and critically reflect on your learning about authentic arts education in the Australian Curriculum. Authentic experience with creative arts praxis will form an important foundation as you move toward the development of an integrated digital teaching resource as a teacher of the Arts in Assessment Task 2.

Your task involves developing your personal arts learning further across three (3) of the five (5) Arts subjects (Visual Arts/Media Arts/Drama/Music/Dance) through a connected combination of Arts challenges. To knowledgeably inform and support your work you are required to complete all weekly learning activities across all 5 arts areas (weekly Moodle learning materials).

All elements of the task will be recorded in your Moodle blog.

PART A - ARTS PRAXIS

1. **Select a theme** to address in your practical responses from the below list.

Shadows Patterns Dreams Fire Animals Lost Fantasy Fragile Graffiti Insects Mirrors
Reflections Change People Places Self Difference Joy Machines Flight Celebration Growth
Wind Flowers Daydreams

2. **Select ONLY ONE (1) task** from the following options to inspire artworks that thematically connect your creative responses across the three Arts areas.

1. **Media Arts / Drama / Music** – Write a 6-word story in response to your selected theme. Create 2D sets/props/characters to symbolically tell the story in an animated sequence. Compose and add an atmospheric soundscape and a dramatic voice-over to heighten an audience's experience of the story.
2. **Visual Arts / Drama / Dance** – Identify a problem suggested by your theme and use this to create a pretext – an image, artwork, illustrated poem/letter, etc. Develop a character and film yourself introducing the problem as 'teacher in role'. Support your character portrayal by devising and performing an expressive movement sequence to heighten an audience's response to the character.
3. **Media Arts / Drama / Music** – Create a photo story of 10 images in response to your selected theme. Script and rehearse a monologue and a multi-layered music composition to add tension/emotion to the images. Record these and create a video (slideshow or animation), to bring the images and sound together in a dramatic telling of the story.
4. **Visual Arts / Music / Dance** – Create a multi-layered graphic notation sequence inspired by your selected theme. Use this to compose a layered rhythmic composition. Respond to the recorded sound by creating a dance map. Record the dance to expressively communicate your theme.

5. **Visual Arts / Media Arts / Dance** – use recycled objects to create an imaginary 3D character inspired by your selected theme. Create a character profile and develop a short story and storyboard using a series of digital stills of the character's journey through a changing environment. Bring the story to life in a dance/movement sequence that suggests a connection between the character and the changing environment.

PART B REFLECTION

Use your blog to document your processes and learning. You must include:

- **evidence of your engagement** with the practical learning experiences associated with the selected challenge (images, videos, screenshots, etc) and each of the Arts areas.
- **critical reflection** on your engagement with the challenge, identifying the skills and knowledge that you have learned and/or applied. Identify the ongoing professional learning that you would need to engage with to confidently implement a similar task with children in the classroom. (Use an acclaimed model/framework to reflect on your work, e.g. Schön/Kolb/Gibbs, acknowledging this in references).

PART C THE CLASSROOM

Select a **focus year level**, preferably one that you have experienced on a professional placement. Provide a brief outline (maximum 300 words) of how you could adapt the challenge for implementation in this classroom. Include relevant curriculum information (band level, strands – making and/or responding, content descriptors, elaborations, knowledge and skills, opportunities for formative assessment).

PEER FEEDBACK & SUPPORT: Team up with 2 – 3 peers from this unit to develop a shared community of practice. Submit evidence of at least 2 blog interactions where you provide critical feedback to your peers. Use an acclaimed model/framework to guide the nature of your critical feedback (e.g. Hattie & Timperley; RISE), acknowledging this in references.

SUBMISSION

In-text referencing and a reference list should be used on each blog post.

Length: Blog posts – a total of 1500 – 1800 words + visual outcomes of praxis and curriculum information.

2 LEARNING IN ACTION: Designing an integrated arts activity sequence

Assessment Type

Presentation and Written Assessment

Task Description

This task involves applying, reflecting on, and evaluating your arts learning across both the Visual (Visual Arts, Media Arts) and Performing Arts (Dance, Drama, Music) through planning a sequence of authentic, integrated arts experiences. A culminating consideration of your learning and development as a teacher of the arts will be presented.

INTEGRATED ARTS ACTIVITY SEQUENCE 50%

PART A - DIGITAL TEACHING RESOURCE (2000 words + images/resources/curriculum information)

Apply your learning from AT1 by selecting a relevant **context/theme** as a starting point for integrated Arts learning. The context should be drawn from prior professional practice in a school (where possible) and related to learning in a curriculum learning area other than The Arts. Refer to previous placements to select a context for teaching and learning. If no placement has yet been undertaken, refer to the FAQs for advice.

You are to:

- **Select** a *focus year level*, preferably one that you have experienced on professional placement.
- **Create** an *integrated activity sequence*, presenting this as a digital resource for teachers. The sequence must communicate how it will be integrated into an actual unit of study (preferably encountered in professional practice), and include:
 - a brief overview of the selected unit (approx. 200 words);
 - three (3) Arts activities that enhance learning in another learning area/s (approx. 600 words each + curriculum);
 - a mix of both visual and performing arts;
 - links to a specific band of the Arts Curriculum;
 - links to other curriculum learning areas
 - relevant resources for teaching and learning.

PART B - REFLECTIVE ANALYSIS AND EVALUATION (1000 words)

Complete a **written reflection and evaluation** of your planning and learning, as well as a **justification** of the resource as authentic arts learning.

Ensure that you:

- **justify** the activities as authentic arts learning;
- **evaluate** the effectiveness of the selected arts teaching strategies used in the activity sequence;
- **reflect** on your personal arts learning as a result of the planning and implementation aspects of this task;
- **identify** the professional understandings you have developed throughout this Arts unit, with reference to appropriate literature – how does this resource demonstrate your knowledge and future aspirations for be(com)ing a successful teacher of authentic arts learning?

* CRITICAL REFLECTION – *Use an acclaimed model/framework for critical reflection on your work (e.g. Schön; Kolb; Gibbs), acknowledging this in references.*

MOODLE SUBMISSION

Submit PART A and PART B as separate PORTFOLIO items (Moodle)

The activity resource can be a single uploaded PDF.

Assessment Due Date

Week 12 Friday (2 June 2023) 11:59 pm AEST

Length: Approx. 3000 words. This assessment task draws on the following Australian Professional Standards for Teachers: 1.5, 2.1, 2.2, 2.3, 2.6, 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 6.2

Return Date to Students

Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

What can you do to act with integrity?

Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
