The information will not be changed unless absolutely necessary and any change will be clearly indicated by an approved correction included in the profile.

### Corrections

Unit Profile Correction added on 19-04-20

While **you cannot implement a planned event due to the COVID 19 requirements**, you will complete a modified assessment task for Assessment Task 2. This is situated within a life-like context.

Completion of this task requires the application of leadership and management knowledge, skills and dispositions and the application of professional ethics and responsibilities in a life-like context. Also applied is an in-depth understanding of the principles and practices to which early childhood recognises as central for young children, their learning and their wellbeing.

Using the guiding values of Early Childhood Australia and the principles and practices of the Early Years Learning Framework, you are to plan a community event. This event is planned to raise the profile of early childhood, young children and their families. Your plan must consider relevant Early Childhood Australia and Early Years Learning Framework priorities. Additionally, to support your planning, you are required to examine the Australian Early Development Census (AEDC) data for the area where you are located. The AEDC data is collected across the following domains: physical health and well-being, social competence, emotional maturity, language and cognitive skills (school-based), communication skills and general knowledge. As you plan, carefully consider how this AEDC data may impact the decisions you make, particularly what you privilege and thus highlight as important for children. Also driving your planning is the focus of Under Eights Week 2020: Play, Playfulness and Engaged Learners.

As part of this process you will identify and examine:

- The goals and visions for the venture/event – these goals/vision will help to guide the decisions that you make
- How you will work as a member of a team (this requires collaboration)
- Legal and ethical considerations required for the venture
- Time management strategies that will need to be enacted
- The strategic plan to ensure the venture reflects the ECA, EYLF and AEDC priorities/needs
- A proposed budget that considers how you might garner financial support for the event
- How you will manage risk - include a risk management form

- How you will garner support and link/collaborate with other organisations in the local area (you may need to find out what organisations work with children/families are within your area)

You/your group must document this planning and make links to relevant literature. At a minimum, we would be expecting to see you link to the literature pertaining to teams, time management, conflict management considerations, leadership and strategic planning.

### **Documenting the plan.**

Begin with a brainstorm/mindmap using the theme for Under Eights Week. Use this to help you 'vision' your venture.

Components	Guiding questions
Values and principles of ECA/EYLF	What are the values and principles of ECA/EYLF relevant to your planned event? How might these guide how you work and what is privileged within the event?
Australian Early Development Census	What does the AEDC data tell you about the strengths of the local area and the needs that need to be addressed? How might these guide how you work and what is privileged within the event?
Under Eights Week 2020: Play, Playfulness and Engaged Learners.	What information is important to consider about Play, Playfulness and Engaged Learners? Brainstorm the topic and research the topic. Perhaps highlight important features of play and how it supports engaged learners and the part of playful adults.
The goals and visions for your small group – these goals/vision will help to guide the decisions that you make	Develop goals /vision for your venture. These can act as a way to ensure that the decisions that you make in planning this venture align with your original intent.
How you will work as a member of a team (this requires collaboration)? Remember that you may be working with a multidisciplinary team within the early childhood context	Record protocols/principles that will guide how you will work as a member of a team and how you will support the development of a team?
Legal and ethical considerations required for the venture	All ventures (whether they run inside the school/centre or outside the service) need to ensure that they have considered legal requirements. This might include insurance etc. Please list matters that might need to be considered? In addition, consider how the Code of Ethics might be useful in your thinking.

Time management strategies that will need to be enacted

How will you manage your time as you plan and implement a venture?

A strategic plan (though short term) to ensure the venture reflects the ECA, EYLF and AEDC priorities/needs

Construct a time line that shows what needs to occur each week to ensure that the venture is implemented. Keep the vision and goals in mind as you develop this plan.

A proposed budget

Consider the components of the venture. What elements require funding. (You will be provided with a budget template)

Risk management

Consider the risks associated with the venture. Construct a risk assessment. (A template will be provided for you).

How you will garner support and link/collaborate with other organisations in the local area (you may need to find out what organisations that work with children/families within your area)

Look within your local area and identify the organisations that work with children/families within your area

Given that you cannot implement the event because of COVID 19 regulations, you are required to build a WIKI or similar that 'speaks up'/advocates for children. The topic / theme for advocacy needs to reflect the priorities of ECA, the EYLF and, if possible, the theme for Under Eights Week 2020. You may decide to use some of the research that you accessed pertaining to play to support the development of your WIKI. Additionally, you may draw on recent reports such as the First One Thousand Days.

## General Information

### Overview

In this unit, you will recognise leadership as a socio-cultural construct that is a professional capability expected of early childhood professionals and crucial for ensuring quality learning outcomes for children, the development of integrated services within communities, the ongoing growth of the profession and the thoughtful enactment of policy. You will examine the multiple ways in which leadership is theorised with a particular focus on self-leadership, pedagogical leadership, community leadership, distributed leadership and intentional leadership. Additionally, you will examine leadership as encompassing moral and ethical behaviour, advocacy for children's rights and a commitment to principles of equity and social justice and show understandings of how policy contexts, including legislative frameworks, shape the work of early childhood education leaders. Theoretical tools, engaging with professional networks and the broader community, a disposition to embrace the principles of leadership and practical skills in leadership and management are applied as you deliver a community venture that advocates for young children and their families within the local community and contributes to building social capital.

### Assessment Grading

This is a graded unit: your overall grade will be calculated from the marks or grades for each assessment task, based on the relative weightings shown in the table above. You must obtain an overall mark for the unit of at least 50%, or an overall grade of 'pass' in order to pass the unit. If any 'pass/fail' tasks are shown in the table above they must also be completed successfully ('pass' grade). You must also meet any minimum mark requirements specified for a particular assessment task, as detailed in the 'assessment task' section (note that in some instances, the minimum mark for a task may be greater than 50%). Consult the [University's Grades and Results Policy](#) for more details of interim results and final grades.

## Unit Learning Outcomes

**On successful completion of this unit, you will be able to:**

1. Access, evaluate and report on professional literature, policy and research findings to identify core values and challenges in the field that underpin the need for leadership and professional growth for early childhood educators
2. Identify resources to support the development of leadership capabilities for self and others in the field of early childhood education
3. Identify and engage with professional ethics and responsibilities to demonstrate emerging leadership capabilities
4. Identify and apply knowledge of the relevant legislative considerations when leading a community venture that involves children
5. Apply appropriate and respectful strategies to communicate with parents and families and professional community partners to facilitate the implementation of a community venture
6. Provide a rationale for the organisation of the community venture based on research into young children's learning.

**Successful completion of this unit provides opportunities for students to engage with the Australian Professional Standards for Teachers (Graduate Career Stage) focus area of:**

- 1.2 Understand how students learn
- 1.3 Students with diverse linguistic, cultural, religious and socioeconomic backgrounds
- 6.1 Identify and plan professional learning needs
- 6.2 Engage in professional learning and improve practice
- 6.3 Engage with colleagues and improve practice
- 6.4 Apply professional learning and improve student learning
- 7.1 Meet professional ethics and responsibilities
- 7.2 Comply with legislative, administrative and organisational requirements
- 7.3 Engage with the parents/carers
- 7.4 Engage with professional teaching networks and broader communities

Additionally, this unit contributes specifically to three curriculum areas specified by ACECQA. This includes: Family and community contexts: developing community partnerships Early Childhood Professional Practice: leadership, management and administration, professional identity and development, advocacy, research History and philosophy of early childhood: ethics and professional practice.

## Assessment Tasks

### 1 Situational Analysis of Early Childhood Leadership

#### Assessment Type

Written Assessment

#### Task Description

##### Overview:

The focus of this task is to examine how leadership, professionalism, governance, leadership challenges, management, advocacy and vision contribute to shaping future directions for the early childhood sector. This assessment response will be presented as a **wiki, wix, powerpoint or similar**.

#### **Task:**

Using **relevant and recent** literature, you are required to provide a **situational analysis** of the current state of the early childhood sector in Australia. You will identify leadership, advocacy and/or management strategies that will contribute not only to the early childhood profession, but also to children and families.

Using your prior knowledge and engaging with current and relevant literature regarding the current context of early childhood in Australia, you will need to -

- identify the **core values** of the early childhood field as a whole
- identify and comment on the **macro and micro challenges** for the early childhood field
- identify, explore and recommend **leadership resources** for early childhood professionals
- demonstrate your understanding by identifying and articulating how you will **develop the capabilities** necessary to be a successful leader in the field. This may include aspects of management and advocacy strategies.
- demonstrate how your leadership capacities and strategies will contribute to the **construction of hopeful futures** for the early childhood profession, children and their families.

**Web links** to leadership resources or organisations **are to be included within the assignment** and also in the reference list.

**Before submission:** All passwords or links are to be checked to ensure the **marker has access** to your work.

**Weighting: 60%**

**Word limit: 2000 words**

#### **Assessment Due Date**

Week 7 Friday (1 May 2020) 11:00 pm AEST

This task will be submitted through Moodle on or before the due date.

## **2 Enacting a Community Venture**

#### **Assessment Type**

Practical and Written Assessment

#### **Task Description**

##### **Overview:**

In your context as a distance **or** internal student you are required to practically demonstrate skills of leadership, advocacy and management in a community venture. This task is to be presented in an essay format that includes headings OR in an online format such as wix, wiki or similar.

All student (internal or distance) will meet the task requirements outlined for the internal students with modifications in place for distance students.

##### **The Task:**

**Internal students:**

As a member of a **small group (3-4 students)**, you are required to lead a community venture that advocates for young children and their families.

Enacting this task requires application of leadership and management knowledge, skills and dispositions and application of professional ethics and responsibilities in a real-life context.

Your group must document and reflect on all aspects of planning and enacting the community venture by explicating the process (team work, strategic planning, legislative requirements, etc), the dilemmas you encountered, how you attended to the dilemmas and your personal learning as a result of engaging the process.

As part of this analysis you will identify and examine:

- the goals and visions for your small group
- legal and ethical considerations required for the venture time management strategies
- the strategic plan to ensure the venture advocates for early childhood how a group of people works together as a team
- decision making strategies
- networking and links with other organisations and stakeholders needed for the success of the venture
- the understanding of the different levels of 'leadership' within the group

The word allowance will include an **individual 500 word self reflection** on your professional and personal growth and development during the planning, organisation and implementation of the community event.

Each group member will submit their personal reflection individually through Moodle.

For example:

What did you learn about yourself professionally and personally?

How would you do things next time?

What challenges did you personally face?

How did you respond to the challenges?

**Weighting: 40%**

**Word limit: 2500 words for internal students working in a group, that is 2000 words for the task and 500 words per individual reflection.**

**Distance students:****NOTE:**

**If you are a distance student this task can be modified in the following ways:**

1. If you are studying via the distance mode and **are working in a service** (ie Kindergarten, Early Learning Centre) this task can be completed **in your setting**. You are expected to comply with the task requirements as listed for the internal students above.

You will **liaise with the Director** of your service and relevant staff to plan and implement a community venture in your context. Some examples of possible events may include an Under 8's centre event, grandparents day, special person's evening or other event.

Clarification can be sought from the distance tutor as to the appropriateness of your proposed event.

2. If you are studying in the distance mode and **are NOT working in a service** this task can be completed in your local community. You are expected to comply with the task requirements as listed for the internal students above. You will liaise with the **lead people from a local community organisation** to implement your community venture. Possibilities include implementing early childhood activities in the local Community Library, in a local child centred community organisation, a local mother's group or other. You will need to work with and plan your early childhood venture in conjunction with the lead librarian, organiser of the community organisation, organiser of the mother's group and the like.

Clarification can be sought from the distance tutor as to the appropriateness of your proposed event.

**Weighting: 40%**

**Word limit: 2000 words if working individually that is, 1500 words for the task and 500 words for the individual self reflection.**

**Assessment Due Date**

Week 12 Friday (5 Jun. 2020) 11:00 pm AEST

This task can be submitted using online formats or essay. Please ensure that any passwords are supplied to access online website submissions. Any extension requests must have supporting documentation and be applied for through the Assignment Extension Requests system through Moodle.

**Return Date to Students**

Exam Week Friday (19 Jun. 2020)

Marked assignments and grades will be available to students by the day of certification of grades for the term.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

#### Be Honest

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

#### Seek Help

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

#### Produce Original Work

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
