## General Information

### Overview

In Professional Practice 2, you will extend your professional knowledge and skills through tutorials, workshops and a school placement comprising a 20-day (4 week) block placement at the end of the term. You will participate in tutorials to build both theoretical and practical knowledge of the strategies teachers use to create positive, organised classroom environments that support wellbeing, engagement and learning. You will analyse the impact of different approaches to classroom management on student learning and apply your understanding of motivation, relationship-building and engagement to plan proactively for the safety, support, inclusion and self-regulation of all learners during the school placement. You will also apply knowledge gained from curriculum courses you have studied to plan, implement and evaluate lesson sequences that incorporate a range of teaching strategies and resources with a particular focus on literacy, numeracy and the use of ICTs to improve student outcomes. You will monitor your professional learning through critical reflection, and will select and evaluate evidence to add to your ePortfolio that demonstrates selected focus areas of the Australian Professional Standards for Teachers.

## 2 ASSESSMENT TASK 2 - WRITTEN TASK- PLANNING FOR SUCCESSFUL CLASSROOM LEARNING

Assessment Type

Written Assessment

Task Description

Task Description

This task consists of three components.

Part A: Select a class group from the provided classroom profiles. These profiles document the learner's academic levels, learning styles, interests, strengths and weaknesses and their behaviour. There are several classes to choose from spanning early childhood and primary classrooms.

Classroom profile PREP

Classroom profile Year 2

Classroom profile Year 4

Classroom profile Year 6

In this assessment you will be asked to refer to the school behaviour policy which has also been provided to you on the Moodle site.

Noosaville State School Responsible Behaviour Plan

This document should be used to complete this assessment task.

Part B: You are to create the following documents:

a Classroom Management Plan which outlines your philosophy, a set of classroom rules and your preferred preventative, supportive and corrective behaviour management strategies (a template will be provided). As a guide, this document should be 2-3 A4 pages.

a plan for one whole session of the school day that you might be required to manage and teach in the classroom that

matches the classroom profile you selected. The plan may be a morning, middle or afternoon session and should be written upon the daily planning template provided on the unit Moodle site. Transitions in, out and within the classroom are an important focus of this activity.

As a minimum, your plan must include:

bringing the learners into the classroom at the start of the day or after a break;

transitions between at least two scheduled lessons or classroom activities; and

dismissing the class at the end of the day or for a recess break.

Use the first 4 columns on the template to record time frames, learning goals for each lesson/activity, a brief outline of the introduction, body and conclusion of key lessons or activities and resources required. In the final column, you are to demonstrate your knowledge of your students by recording strategies and considerations for classroom management and organisation to create a positive and organised classroom learning environment at each stage of the planned session. As a guide, this document should be 3-4 A4 pages.

#### Classroom Management Plan template

Part C: Write a justification of no more than 750 words that:

(a) explains how your selected strategies align with the provided school policy and classroom rules you created to align with your classroom setting; and

(b) justifies how your selected strategies will achieve each of the following outcomes:

Create a positive and supportive learning environment that encourages participation of all students

Manage challenging or off-task behaviour that may arise during the session

Make specific links to your chosen Class Profile and Classroom Management Plan and include in your assignment submission

You must make specific links to your chosen Class Profile and your Classroom Management Plan and include a copy of your Classroom Management Plan in your assignment submission. Also, ensure that you reference your justification using the unit readings from Moodle.

The word count is considered from the first word of the introduction to the last word of the conclusion. It excludes the cover page, abstract, contents page, reference page and appendices. It includes in-text referencing, direct quotations and words contained within tables that are in the body of the assignment.

NOTE: This assessment task provides opportunities for reflection on the Australian Professional Standards for Teachers and teachers' responsibility for creating supportive learning environments. The task provides evidence for demonstrating aspects of the Australian Professional Standards for Teachers focus areas 1.1, 1.2, 3.1, 3.6, 4.1, 4.2, 4.3 and 6.2.

## 5 Assessment Task 5 E-PORTFOLIO

Assessment Type

Written Assessment

Task Description

Select a sequence of 3 lessons that you have planned and implemented during your 4 week block (Professional Practice 2 placement) for your portfolio. You may have taught more than 3 lessons in your sequence, so select the lessons that best reflect your learning and development as a teacher. Your lessons should be in one learning area only, and be part of a sequence that scaffolds the knowledge and understanding students are required to demonstrate their learning in a final summative assessment task.

Create your portfolio by selecting the following artefacts:

- photograph/s and description of your context;
- a sample of a formative assessment tool or strategy that you used to check for student understanding;
- 2 copies of annotated students' responses. Responses may be work samples, completed worksheets or records of students' responses to questioning used during the lessons;
- a copy of three lessons from the learning sequence with the evaluation section completed;
- ideally a copy of at least 2 observations of your lessons completed by your mentor teacher; if possible, make one of these observations on one of your submitted lessons;
- a copy of your Interim Report;
- a brief overview of the curriculum content descriptions and summative task that students were expected to complete or completed at the end of your teaching sequence;
- 2 copies of annotated students' responses to the summative assessment task. Responses may be work samples, completed worksheets or records of students' responses to questioning used during the lessons;
- a copy of your revised classroom management plan.

As part of the template provided, you are to record your responses to the questions presented as a guide. These questions will provide you with the opportunity to explain and reflect upon your teaching practice based on the artefacts you have been asked to include. Try to make links between the evidence of your practice as shown in your portfolio and your engagement with specific descriptors from the Australian Professional Standards for Teachers outlined on the Final Summative Report for your Professional Practice placement. You are to include the script of your voice recording of your responses to the prompts embedded in the template provided.

Your script should be approximately 1000 words in length and should address the prompts contained in the template slides.

As a guide, word count for each section could be:

Formative Assessment (Slide 4 of template) approximately 100 words;

Lesson Sequence (Slide 7 of template) approximately 250 words;

Lesson Sequence Reflection (Slide 9 of template) approximately 250 words;

Summative Assessment (Slide 4 of template) approximately 100 words;

Feedback and Mentor Discussions based on your Interim Report (Slide 12) approximately 200 words;

Changes to Management Plan (Slide 14) approximately 100 words.

The word count is considered from the first word of your script to the last word of the conclusion. As this is a verbal response to your practicum, no in-text referencing is required.

This assessment task is to be submitted no later than one week after the conclusion of your placement for Professional Practice 2. You will submit this task in two parts; firstly your Powerpoint using the provided template and secondly, a copy of your full script. You will be required to upload these into the task 5 link on Moodle.

You will upload your Powerpoint and your word document to the link for Assessment Task 5 on Moodle with your name, student number and enrolment code so that your lecturer can view and mark your submission.

## Academic Integrity Statement

As a CQUniversity student you are expected to act honestly in all aspects of your academic work.

Any assessable work undertaken or submitted for review or assessment must be your own work. Assessable work is any type of work you do to meet the assessment requirements in the unit, including draft work submitted for review and feedback and final work to be assessed.

When you use the ideas, words or data of others in your assessment, you must thoroughly and clearly acknowledge the source of this information by using the correct referencing style for your unit. Using others' work without proper acknowledgement may be considered a form of intellectual dishonesty.

Participating honestly, respectfully, responsibly, and fairly in your university study ensures the CQUniversity qualification you earn will be valued as a true indication of your individual academic achievement and will continue to receive the respect and recognition it deserves.

As a student, you are responsible for reading and following CQUniversity's policies, including the [Student Academic Integrity Policy and Procedure](#). This policy sets out CQUniversity's expectations of you to act with integrity, examples of academic integrity breaches to avoid, the processes used to address alleged breaches of academic integrity, and potential penalties.

### What is a breach of academic integrity?

A breach of academic integrity includes but is not limited to plagiarism, self-plagiarism, collusion, cheating, contract cheating, and academic misconduct. The Student Academic Integrity Policy and Procedure defines what these terms mean and gives examples.

### Why is academic integrity important?

A breach of academic integrity may result in one or more penalties, including suspension or even expulsion from the University. It can also have negative implications for student visas and future enrolment at CQUniversity or elsewhere. Students who engage in contract cheating also risk being blackmailed by contract cheating services.

### Where can I get assistance?

For academic advice and guidance, the [Academic Learning Centre \(ALC\)](#) can support you in becoming confident in completing assessments with integrity and of high standard.

### What can you do to act with integrity?

**Be Honest**

If your assessment task is done by someone else, it would be dishonest of you to claim it as your own

**Seek Help**

If you are not sure about how to cite or reference in essays, reports etc, then seek help from your lecturer, the library or the Academic Learning Centre (ALC)

**Produce Original Work**

Originality comes from your ability to read widely, think critically, and apply your gained knowledge to address a question or problem
