General Information

Overview

This unit has the dual purpose of preparing you to apply content knowledge and pedagogical content knowledge in your area of primary specialisation while enhancing your religious literacy and understanding of both the knowledge components of the Catholic religion and its living components (or “practice”) within broader Catholic communities. You will design teaching and learning experiences that develop general capabilities underpinning the Australian curriculum framework and have a positive impact on students’ understanding of key curriculum concepts in an area of specialisation from your course of study. You will create resources that illustrate exemplary practice in classroom and remote learning contexts and share these resources in a community of practice that replicates the collaborative processes that underpin continuous improvement in the teaching profession. As a pre-service teacher in the Catholic strand of your course, you will collect evidence of your understanding of, and engagement with, the people, places, resources and language of Religious Education in contemporary Catholic school settings. In preparation for employment interviews in the Catholic Education system, you will develop a portfolio that incorporates a personal professional philosophy expressing your understanding of your role in Catholic schools as places of learning and your responsibilities for engagement with faith communities that value and practice social justice principles as a way of expressing and living out Christian beliefs.
